

MAN WITH ROLL LEAVES TODAY

Edward Henry Coady of New-town, P. E. I., Did Not Steal Money as He Asserted.

Edward Henry Coady, aged 34-years who was taken into custody on Nov. 5 charged with wandering about the streets and not giving a satisfactory account of himself will go to Prince Edward Island today. When searched at police headquarters, at the time of his arrest, it was found that he had in his pockets \$496 in cash and in the vicinity of \$600 in bonds and stocks. When arrested in the police court and asked what he had to say he pleaded guilty and said that he was a thief. The man was remanded and the detective department learned that he was from Prince Edward Island and immediately got in communication with the police chief in Charlottetown. Last night a brother-in-law of Coady named Collins, and a cousin, named Morrissey arrived in the city and will leave on the early train this morning for their home in New-town, P. E. I. with Coady. They informed the detective department that the cash, stocks and bonds found on Coady was his property and that he had drawn them from the bank. He is troubled with a nervous disease and was at one time being treated for it.

WATCH HUNG IN MINES 22 YEARS

Sydney, N. S., Nov. 16.—Deputy mine examiners proceeding cautiously through Callaghan's Level, a part of Dominion No. 1 colliery that has not been worked and seldom visited for 22 years, were attracted by a gleam from the wall. Investigating they found it came from the crystal of a watch hanging from a nail driven into a pit prop, and almost covered with moss. The case had become discolored through the action of time, but when wound, the time-piece ticked away as busy as ever.

Weddings

Special to The Journal.
Grant-Lindsay.
St. Stephen, Nov. 16.—Wedding bells rang merrily at the residence of Mr. and Mrs. Jas. A. T. Lindsay, this afternoon, when their youngest daughter, Roberta Lindsay, was united in marriage to William Grant, son of Mr. and Mrs. Angus Grant, of Oak Bay. Rev. Wm. Malcolm officiated. The charming young bride, who was given away by her father, wore a dress of white satin, trimmed with Spanish lace and plum colored hat. The bridesmaid, Miss Thelma Clark, was handsomely dressed in pale green silk. The groom was supported by Eugene Wilson. The marriage took place under an arch of green, and the house was very prettily decorated with flowers and greenery. After the ceremony a luncheon was served and the bride donned a traveling suit of navy blue and the young couple left by auto for Lake Umbagog, where they will enjoy a camp life for a couple of weeks. On their return they will reside at Oak Bay. The presents were both costly and numerous, showing the esteem in which this young couple were held.

Fowler-McNamara.

Special to The Journal.
Young's Cove, Nov. 16.—A wedding of unusual interest took place in the Methodist church, Young's Cove, Nov. 15, at 7.30 o'clock, when Miss Lena McNamara, of Young's Cove Road, became the wife of Isaac Fowler, of the same place. Rev. J. Spencer Crisp, pastor of the church of the circuit, being the officiating minister. The bride was very becomingly dressed in silver crepe de chene and wore a black velvet hat with trimmings to match. The groom wore a returned soldier who faithfully did his part overseas in service for King and country. He is a prosperous farmer in the community where he resides. Friends of the bride had tastefully decorated the church for the occasion with a profusion of dried plants, evergreen and white ribbons. Many friends from the surrounding communities were present, testifying to the popularity in which the young couple are held. The bride is a very interested worker in all church activities. After the ceremony Mr. and Mrs. Fowler left for their home amid good wishes and congratulations of their many friends.

It is worthy of note, that though the Methodist church at Young's Cove was dedicated sixty years ago last June, it is said this is the first marriage that has taken place therein.

Perry-Proctor.

A quiet but pretty wedding was solemnized yesterday afternoon at the parsonage of the Main street Baptist church, 229 Main street, when Miss Mildred D. Urektor, of Johnston, Queens county, was united in marriage to W. Colby Perry, a prosperous young farmer of that place, by Rev. Dr. Hutchinson. The young couple

BOILS Made Him Sick and Miserable

Mr. Richard Zalenzoski, McLoom Sask., writes:—"I had been suffering continuously, with boils, for three years, and during that time I tried many different remedies without any success whatever. In spite of all my efforts I was compelled to go to the hospital. This was in the Fall of the year, and right in the busiest time of the season. Upon my return home it just took about two weeks until my neck and arms were again occupied by the boils which made me feel very sick and miserable.

One day one of my friends advised me to try Burdock Blood Bitters, and after I had used less than two bottles I was very much surprised at the result. It is now over two years since I got in touch with B. B. B., and I have had no bother with boils since. I will recommend it to all persons suffering from any defect in the blood."

Pleased With Work Of Fire Wardens In New Brunswick

Mr. Barnjum Says Interest Displayed in Efficiency Greater Than in Any Province of Dominion.

Special to Journal.

Fredericton, Nov. 16.—F.J.D. Barnjum, of Annapolis Royal, N.S., manufacturer of pulp and owner of timber limits, well known through his interest in forest conservation, visited Fredericton today, en route to his home from New York.

Mr. Barnjum conferred with the Deputy Minister of Lands and Mines, Col. T. G. Loggie, and with Chief Forester G. H. Prince. The award of the prize of \$250, donated by Mr. Barnjum for the most efficient fire warden in the province of New Brunswick, will be made at the close of the present month. The interest displayed in this contest in efficiency, Mr. Barnjum says, is greater in this province than in any other part of the Dominion, and he is exceedingly pleased on that account. While here he made the announcement that next year there would be several prizes offered to fire wardens, namely, first, second and third. The prizes are awarded on a basis of the greatest amount of slash burned, good relations with people of the district and general efficiency in handling fires.

FROSTY THIS MORNING
The remarkably mild weather of the first half of the week was followed late yesterday and last night by a cool wave, backed up by a northwesterly wind. The mercury this morning worked down well into the twenties, indicating that many households would keep the furnaces hot today.

WILL HEAR APPEALS.
At yesterday's meeting of the common council it was decided to hear the appeal of the Harris Abattoir Co. from their assessment for 1922, on Monday morning next at eleven o'clock and also to hear other appeals which could be taken up at that time.

TABERNACLE CHURCH PAGEANT
The God of the Out-of-doors, was the title of the pageant that was given at the Tabernacle church last evening, under the auspices of the World Wide Guild, assisted by the Boys' Club of the church and directed by Mrs. A. L. Tedford, the wife of the pastor. The pageant consisted of a dialogue between four symbolic characters: Imagination, Awe, Ignorance and Art, interspersed with four episodes in man's religious development, namely: 1st, The Primitive Man, (the cave dweller); 2nd, The Red Man; 3rd, In Colonial Days; 4th, The Minister. The choir furnished the choruses and the solos were sung by Miss Ethel Kierstead, T. C. Murray and Rev. A. L. Tedford. There was a good audience and the proceeds will go to the defraying of the expenses of the new church that is in prospect for next year.

NEW WATER MAIN FOR THE HOSPITAL

Commissioner Wigmore and Board Practically Decide in Favor of Eight-Inch Pipe.

At a conference between the Board of Hospital Commissioners and Commissioner Wigmore, held last evening, it was practically decided to lay a new 8-inch water main from the water tower to the institution to give it an adequate water supply, the present pipe having outlived its usefulness. When the hospital was built a four-inch concrete pipe was laid and this has been used as the supply pipe ever since. In the year 1910 an 8-inch wrought iron pipe was laid for fire protection. For some time the cement pipe has been leaking and Commissioner Wigmore recommended that it be abandoned altogether and a new 8-inch cast iron pipe installed. This would be used as a supply pipe and could also be used as a reserve for fire protection, in case anything went wrong with the other main. The new main would connect with the 12-inch main in Waterloo street, and run through Alms street to the line of the hospital property, where it is carried through a tunnel to the building.

J. Meiklejohn of Gagetown was in town yesterday. Dr. Fred Graham of Estevan, Sask., nephew of R. E. Armstrong, secretary of the board of trade, is ill with pneumonia.

London, Nov. 16.—One communist was elected to the new parliament—J. T. Walton Newbold, who was returned for the Motherwell division of Lanarkshire. In Glasgow, two Communists were defeated and none of the Laborite victors was officially described as a Communist.

were unattended and the ceremony was witnessed by Mrs. Roy Morrell, sister of the bride, and Mrs. N. C. Hutchinson. They will reside at Johnston.

Funerals

Newcastle, N. B., Nov. 16.—The funeral of the late Lawrence Comfort took place at 8.45 yesterday morning to St. Mary's church and was largely attended. Services were conducted by Rev. Father P. W. Dixon, and interment took place in St. Mary's cemetery. The late Mr. Comfort passed away at seven o'clock on Sunday morning after an illness of over six months from heart trouble. He was well and favorably known all over the North Shore, having for many years conducted the Comfort House here. He was 76 years of age, and is survived by a widow, formerly Miss Doucet, four sons, Joseph, Harry, Charles and Frank, all of Newcastle; also four daughters, Mrs. Allan McLean, Edmundston, N. B.; Mrs. Presley Richards, and Mrs. Osse Collette, Newcastle, and Mrs. Alice Higgins, Cambridge, Mass.

BRILLIANT SCENE AT CENTENARY

Centenary Hall was resplendent with green and red trimmings and handsomely appointed tables, dainty with fine linen and rich in silver, cut glass and candelabra yesterday. The supper that was served last evening was bountiful and delicious. The waitresses, who were members of the Hiriwa Mission Circle, giving constant attention to patrons.

Mayor and Mrs. Fred Fisher were present. Miss Alice Hea was warmly welcomed after her recent illness. The large parlor downstairs was fitted up in a truly festive manner, with tables, that at two in the afternoon, were heavily laden with fine work done by the ladies of the church. At another table there were aprons, useful and ornamental, and at another, cooking and candy at the other table. At seven they were lightened of their supply, and tired but happy saleswomen viewed with pleasure the spoils of their labors. MAIN ST. TEA AND SALE

Main street church ladies held a very successful tea and sale in the Baptist church, with the usual trimmings for the season artistically arranged. The general conveners were Mrs. W. Perry and Mrs. B. Macdonald. Those who were in charge of the fancy work table and the candy were: Mrs. B. C. Cowan and Mrs. M. Chaplin with Mrs. R. Burk and Mrs. Wasion in charge of the cutting of the cake. Mesdames Campbell, S. J. Thorne, and the Misses McAlary and Granville served the scalloped, while the service was: Mesdames Saul, W. Whitaker, W. Spragg, H. Oimstead, F. Macdonald, F. Ackerley, W. Dunham and Mrs. F. Hamm. Dr. and Mrs. Hutchinson were present and met the people of the congregation socially, graciously adding to the pleasure of the occasion. A good sum was realized for the work of the church.

Children Cry for Fletcher's

CASTORIA

Fletcher's Castoria is strictly a remedy for Infants and Children. Foods are specially prepared for babies. A baby's medicine is even more essential for Baby. Remedies primarily prepared for grown-ups are not interchangeable. It was the need of a remedy for the common ailments of Infants and Children that brought Castoria before the public after years of research, and no claim has been made for it that its use for over 30 years has not proven.

What is CASTORIA?

Castoria is a harmless substitute for Castor Oil, Paregoric, Drops and Soothing Syrups. It is pleasant. It contains neither Opium, Morphine nor other narcotic substance. Its age is its guarantee. For more than thirty years it has been in constant use for the relief of Constipation, Flatulency, Wind Colic and Diarrhoea; allaying Feverishness arising therefrom, and by regulating the Stomach and Bowels, aids the assimilation of Food; giving healthy and natural sleep. BREAKWATER OF RICHIBUCTO CAPE

A highly interesting and instructive paper on the "Richibucto Cape Breakwaters" was read last evening by Geoffrey Stead, M.E.I.C., District Engineer, Public Works department, before the local branch of the Engineering Institute of Canada. A. G. Tapley was in the chair.

The north coast of New Brunswick the speaker said, was a scene of continually shifting sand bars, making the work of building piers and breakwaters a very difficult task. As the population of Richibucto Cape is largely composed of fishermen, the government undertook the work of providing some shelter for the forty odd boats engaged in the fishing industry. As no natural harbor existed the engineers were confronted with the problem of making an artificial haven. In February 1905 the first survey was undertaken. In 1908 an embankment faced with stone was built and in 1909 extended seaward about one hundred feet. In the same year a storm, some sections being washed out. In 1910 tenders were submitted for the building of an outer crib which was accomplished at a cost of \$29,000. The crib at the pier head gradually sank in the sand and settled on the rock. Much difficulty was encountered in the dredging owing to the drifting sand. Two cribs were sunk near the approach in 1913 and were constructed of 10x10 inch timber butted and braced. The only way to prevent the sand from shifting into quiet water near the breakwater was to construct a southern pier of squared timbers. This work was completed and a square block thirty feet in length some distance out from the approach. It was intended to deflect the currents seaward so that the sand would be carried out.
