SHORT BREADS

BY BERTHA E. SHAPLEIGH,
Of Columbia University.

1½ cup butter
½ cup brown sugar
½ cups flour

Work butter and brown sugar together until creamy. Then work in flour gradually until all is used.

Put on a slightly floured board and roll until smooth and easy to roll out. Roll to one-half-inch thickness and cut with a small cutter and place a nut meat in the centre of each round.

Bake in a very moderate oven until slightly colored. This will take about one-half hour. Or this mixture may be rolled out to a quarter inch in thickness, cut in rounds and put together in pairs with jam between.

Bake as before in a moderate oven for 35 minutes. If a hole be cut in the top piece the jam will show through and make a prettier cake.

(Cut this out and paste it in your cook book.)

Composed Music For Local Band

Miss Marguerite Perkiss of England, Writer of Music and Stories.

Miss Marguerite Perkiss, an English woman, who has become a familiar figure around the city, and who is very much interested in the birds in the Square, is a composer of music. One of her compositions, a wedding march, is to be played by the St. Mary's Band on Friday evening at the Exhibition. It has been played in Toronto and has been in the hands of the leader of St. Mary's Band here for a short time and has been carefully prepared for its first rendition here. Miss Perkiss is versatile in gifts, being very expert in the knitting of sweaters and hats, in fact, she has the art of handicraft at her fingers' ends, and besides she writes children's stories! She will leave on Saturday for Boston, where she will find a more auspicious opening for exercise of her ability and a larger opportunity for advancement in her special line of writing music as well as stories. She has been with Miss Georgie Mott, Horsfield street, for some months and has made a choice circle of congenial friends, who will regret her going, while wishing her prosperity in her change of surroundings.

Weddings

Beatteay-Murchie

Special to Journal

St. Stephen, N. B., Sept. 6—Wedding bells rang merrily this afternoon at the Union Church, Calais, Maine, when Miss Marion Harmon Murchie, daughter of Mr. and Mrs. Ned Murchie of that city, and one of Calais' most charming and popular young ladies, became the bride of Chas. Allen Beatteay, of St. John. Rev. Hugo Perdowitz officiating. The church was most handsomely decorated with a mass of flowers of green and white, the decorating being done by Mrs. Moore and Mrs. Rideout of California, friends of the bride. Mrs. Fred Bascom, of Worcester, Mass., was maid of honor, while Frank Miller of St. John, supported the groom. The bride looked most charming dressed in white with veil and carrying a bouquet of sweet peas and roses. Six bridesmaids were in attendance consisting of Miss Margaret and Ruth Murchie, Mrs. Paul Lord and Miss Marie Dutch of Calais, Mrs. Sydney Jones of St. John, and Mrs. Dr. Weeks, of Calais, sister of the bride. All were gowned in white with picture hats and carried old-fashioned bouquets. During the ceremony Mrs Frank Anderson, of Calais, sang "Because" very pleasingly, accompanied by Miss Georgie Elliott, organist. After the ceremony a reception was held at the residence of the bride's parents on Hinckley Hill, which was also most beautifully decorated with flowers and green and where luncheon was served, after which the happy young couple left on the evening Maine Central train amid showers of confetti and good wishes for parts unknown. On their return they will reside on Queen street, St. John. The presents were both costly and numerous. Many out of town guests were present.

A pretty wedding took place Wednesday morning September 6 in Holy Trinity Church at 6.30 when Very Rev. J. J. Walsh, V. G., united in marriage Miss Helen, daughter of Mr. and Mrs. John E. Kelly and John English. The bride looked charming in a gown of pearl grey canton crepe with hat to match and carried a shower bouquet of bridal roses. She was attended by her sister, Miss Gertrude, who wore peach colored taffeta with taffeta hat and carried pink roses. The groom was supported by Lawrence Oram. After the ceremony the bridal party drove to the home of the bride's parents where a dainty wedding breakfast was served. Later Mr. and Mrs. English left on a honeymoon trip to Boston and New York.

The bride was given away by her father and wore a navy blue travelling suit and a hat to match. Following the ceremony the happy couple left on their honeymoon trip on a canoe trip to Grand Lake. Later they will make their home in Fredericton. The bride received many beautiful and attractive gifts, including a silver tea service from her parents.

The bride resting upon her father's arm, and preceded by her pretty litle flower girl, Helen Jones, cousin, marched to the altar to the strains of Lohengrin's wedding march. While the bride and groom stood under the beautifully decorated arch, a quartette composed of Mrs. H. McElroy, Mrs. P. Fillmore, Mrs. C. B. Wilson and Mrs. (Dr.) J. F. L. Brown, the bride's sister, rendered an exquisitely sung vocal selection, "The Miracle of Love"

After the ceremony, Mrs. E. Allison McKay, Fredericton, cousin of the bride, sweetly sang a solo, "Oh, Promise Me." The bride was attired in a brown velour suit and wore a fawn and brown hat with pheasant trimmings and ermine neck piece and carried a bouquet of yellow roses. On leaving the church the happy couple were received at the home of the bride's parents, where a luncheon was served. After the refreshments, Mr. and Mrs. Maxwell left by car on a short honeymoon.

YOUR HEALTH

Our Health Expert Discusses Lockjaw, Its Cause and Treatment.

A clean wound is never particularly serious. A wound into which dirt has been carried is always serious. It is especially serious if the dirt is the filth of the stable or barnyard.

This is because such dirt may carry the germs of tetanus or lockjaw. The germ is found in the intestines of horses and cattle, so any soil contaminated by the excretions of animals may be infected with this agent.

Lockjaw is a very serious and frequently fatal disease. The agony of the sufferer is terrible to behold. I can hardly bear to think of the sufferings of a friend and patient of mine who died of tetanus. Though years have passed, I shudder when memory recalls the scene.

I am glad that science has found a way since then of dealing with lockjaw. An antitoxin has been discovered which counteracts the issues of the disease. In the war it was used systematically in all dirt-infected wounds.

Should an accident occur so that street dust or stable dirt is ground into the tissues, go at once to your doctor and take his advice about treatment. For some reason the palms of the hands appear to be particularly susceptible to this form of infection. Wounds in this region require special care.

Every board of health and most drug stores carry the antitoxin in stock. Bear this in mind.

Everybody should know something about first aid, and every home, shop and factory should be equipped with the simple remedies and dressings. Never take a chance about injuries. Attend to them early and avoid evil consequences. Fortunately, our powers of resistance are usually pretty high, and we throw off the effects of ordinary infection. Good health is a great protector. It pays us to keep well and strong, because this condition is life and health-insurance of the very best.
