A CHAPTER OF ACCIDENTS.

St. JOHN July 13.—Mrs. Cassidy, living
on Exmouth street, was standing on the
roof of an outhouse putting clothes on a
line this morning. The hook of the line
came out and she was suddenly precipitated
to the ground, striking on a plank walk
and receiving it is feared, serious injuries.
No bones were broken, but the woman is
suffering from concussion of the spine.
Dr. G. A. B. Addy was called in.

Mr. Thos. White, the confectioner, met
with a painful accident yesterday morning.
He was going up a pair of stairs from his
work house with a jar of syrup in his hand
when the bottom fell out of the jar and the
contents spilled over the steps. Mr. White
made a step and losing his balance on the
slippery juice fell heavily to the ground, a
distance of some thirteen or fourteen
steps. His shoulder was severely bruised,
and his ankle considerably swelled. It is
not, as yet, known how serious the full extent
of his injuries are, but the shock was
very severe.

QUEBEC, July 11.—Notwithstanding the
statements to the contrary, the death roll
by the railway accident to the time of
writing numbers fifteen.

In addition there are three bodies
which have not been identified. Seven
of the dead have already been claimed
by their relatives and removed to their
homes for interment. It was reported
yesterday that there was a third priest,
Rev. Mr. Kearney of Magog, among the
victims, but further investigation has con-
clusively shown that there is no such per-
son among them. The remains of the
Rev. Mr. Dignan, cure of Windsor Mills,
were taken away this afternoon by the
vicar, Rev. Mr. Fleet, the organizer of
the untimely pilgrimage. The body of
Abbe Mercier was identified by his aged
mother from Quebec, and none present on
the occasion will forget the scene.

RIMOUSKI, July 11.—With reference to
the man Smith, who was supposed to
have been murdered near St. Flavie, it
turns out that he was the victim of an
accident, having been run over by a load
of wood.

MONTREAL, July 11.—There was general
satisfaction expressed here today when it
was learned that Sir Adolphe and Hon.
Mr. Ouimet had taken their seats in the
house, although this course was generally
anticipated by politicians in this city.
There has been, in fact, very little interest
felt here since the crisis began, as no one
could believe it had any justification.

THE CHEZZETCOOK SCHOONER.

MAGGIE MAY PICKS UP THE DESERTED
BARQUE REDENTO AND IS TOWING
HER TO PORT HAWKESBURY.

GEORGETOWN, P. E. I., July 12.—Cap-
tain Spain at Georgetown, P. E. Island re-
ports seeing the direct barque "Redento-
to," of Faime, Austria, about half way be-
tween Magdalen Islands and East Point,
P. E. Island, timber loaded, and water-
logged. The Ship's crew had probably
landed at Magdalen Island. The schooner
Maggie May, Fillis, of Chezzetcook, had
the ship in tow and put same of his crew
aboard, set part of the ship's sails and
was making for Port Hawkesbury, where
she will probably reach on Saturday.

LOOTED THE TOWN.

FLORIDA ROBBERS DO AS THEY LIKE.

LAKE CITY, Fla., July 15.—A band of
mounted robbers galloped into this place
early Friday morning, blew open and
robbed the safe in Chandler's store, looted
the ticket office at the depot, shot the
night watchman and a negro, and then
rode out of town with their plunder, firing
off their pistols. This gang within the past
month has raided the towns of Jasper,
White Oak, Huntington, Hawthorn and
Lake City.

KILLED HER CHILDREN WHILE
CRAZY.

SHEFFIELD, Ill., July 13.—Mrs. J. DeBay,
of Annawan, in a crazy fit killed her two
children, aged three and five years, last
night, by clubbing their skulls with a hat-
chet. She had recently been liberated from
an insane asylum.

WILL FIGHT A DUEL.

LONDON, July 12.—The Daily News
publishes a despatch from Paris stating
that in consequence of high words ex-
changed in the Chamber of Deputies yester-
day afternoon, Armand Denoix, republican
deputy, challenged Serault Richard,
socialist, to fight a duel. The challenge
was accepted and pistols were chosen as
the weapons to be used. The meeting
will take place to-day.

The I. C. R. train for Halifax Saturday
was red. Cars, engine and tender were
all painted red, and presented an attrac-
tive appearance as they rushed out of the
station. Another train is being painted in
the same way, and next week the daily
trains to and from Halifax will be red.

ASLEEP AT THEIR POSTS.

**ENGINEER AND FIREMAN
RESPONSIBLE**

**For the Recent Dreadful Acci-
den' on the Grand Trunk—
The Company Will Lose
Heavily.**

LEVIS, Que., July 15.—For three days
the inquest in the Craig's Road railway
horror has been going on here. All the
evidence goes to show that the sema-
phore and train danger signals burned
brightly; that the mist was of the faintest
kind, and that the engine controlled by
Hector McLeod, the dead engineer,
rushed heedlessly and swiftly into the
preceding train without even the ringing
of the bell or the usual whistle signal given
on approaching stations. This but con-
firms what has been freely stated—that
McLeod and Perkins, the engineer and
fireman, were asleep and went to their
deaths in that manner.

Several heavy actions for damages have
already been entered against the Grand
Trunk Railway by the victims who were
injured. The property loss was some
\$150,000, and the damages will probably
exceed that. The railway will, in all, be
called upon to pay nearly a quarter of a
million dollars for the smash-up.

HORSE RACES AT HALIFAX.

HALIFAX, July 13.—There was a small
attendance at the races yesterday after-
noon at the riding grounds. The road
cart race was won by Ned, owned by J.
Kennedy in three straight heats. Ike,
owned by J. Foran, finished second.

The 2.38 class was well contested. The
races were virtually between Bob H., Ab-
dallah and Loot S. Fairy, driven by H.
McFarbridge, did not show the speed ex-
pected, due to bad shoeing. The little
animal made a game race in the third
heat, but one of the shoes completely
turned on the horse's foot. Fairy was
drawn in the fourth heat for this reason.

Bob H., Loot L. and Abdallah made a
glad fight for first place in all the heat.
The finishes were all nearly neck and neck.

The 2.50 class was won by Geo V. He
won the last three heats of the five, but
was pushed by Mambrine, Dudley, jr.;
Casimira, owned by A. Lamphier, was
sent to the stables by the owner at the
finish of the second heat, not being satis-
fied with the ruling of the judges, who put
the horse back for what they considered
was hitching.

THIRTY BOTTLES OF WHISKEY.

CANSO, July 13.—For some time past
intoxicating liquors have been vended so
freely at Dover as to cause considerable
annoyance to the peaceably disposed por-
tion of the population, and Friday morning
Inspector Ferguson and Police Officer
Hurst visited that locality and served
papers on Michael Wells for two violations
of the Canada temperance act. They also
served upon him a search warrant. Wells
immediately locked the cabin door and
planting himself upon the hatch of his
boat, defied the officers. Inspector Fer-
guson, however, is not made of material
that is easily frightened, and he very
quickly removed Mr. Wells. Hurst then
lifted the hatch and preceeded to search
and unearthed thirty bottles of whiskey,
which they brought to Canso. Whilst the
search was in progress, Wells brandished
a knife and used such threats to the offi-
cers as will render him liable to severe
punishment if proven.

A DAY'S GRACE FROM THE GRAVE.

Yesterday afternoon the remains of the
girl Betsey Petley was removed from her
home on Telegraph street to the Mission
Hall on Vulcan street, where the funeral
services were being held. Undertaker
Tuttle arrived and the body was about to
be removed to the hearse to be conveyed
to their last resting place, when Marshal
Foster received a message from Solicitor-
General White, who acted in the absence
of the Attorney-General, authorizing that
an inquest be held on the body. This
prohibited the removal of the remains and
they laid in the Mission Hall all last night
under the surveillance of the chief of
police. The work of getting jury men is
proceeding this morning and the inquest
will in all probability be held this after-
noon. It will be remembered that this
inquest is deemed necessary by reason of
the deposition of the deceased a few days
before her death assigning the cause of
her fatal illness to rough usage received at
the hands of Len Wilbur while living with
him in Boston.

THE ICE CREAM WAS POISONOUS.

BUYRUS, Ohio, July 13.—A wholesale
case of poisoning is reported from Chat-
field. Thirty-five people are afflicted with
severe pain trouble supposed to have been
caused by eating ice cream at a party.
Twelve of the number are dangerously ill.

UNIONISTS JUBILANT

OVER THE SEATS ALREADY WON IN ENG-
LAND.

LONDON, July 15.—The Unionists start-
ed in Friday, the first day of the elections
for members of the new parliament, by re-
turning twenty-eight members to the
House without opposition, while the Liber-
als returned only three, and the Parnel-
lites also scored three. The Conservative
organs hail this result as a good omen, and
rightly too.

The success of the Unionists at the polls
in actual contests cannot anywhere nearly
correspond with this showing, but there is
undoubted significance in the fact that the
Liberals have permitted judgment to go
against them by default in so large a num-
ber of constituencies at the very beginning
of the conflict.

The remainder of the constituencies in
which there are no opposing candidates
now show only fifteen where there is no
Unionists standing against one hundred
and fifteen where there is no candidate
representing the Liberal party. This state
of things is very reasonably regarded as
a result of the conviction on the part of
the Liberals that the contest is hopeless in
these particular divisions or districts.

Hitherto Liberals have contested these
seats with the notion that there was a re-
mote chance of bagging one here and
there, but on this occasion they seem to
have concluded it would be a waste of
time and energy to make the attempt.

Consequently they have abandoned the
campaign in these districts and the Liber-
al executive committee have decided to
concentrate their efforts in contesting for
doubtful seats in the consciousness that
they will have enough to do to capture the
share which the last general election allot-
ed to them.

If they do this they will be extremely
lucky, and indeed nobody believes they
expect it.

CLARK WALLACE SPEAKS.

OTTAWA, July 12.—Despite the inclem-
ent weather the sons of William made
a brave showing at the capital today.
With bands playing and banners flying
the stalwart yeomen of eastern Ontario
gaily marched through the parliament
grounds looking as if they owned the
town. And they did. Ten thousand
Orangemen gallantly marched along in
mud and rain. A public meeting was
held in Cartier square, speeches were
delivered by a number of prominent
brethren present. During the course of
the proceedings a portion of the platform
subsided and a number of the prominent
men were precipitated to the ground.
Col. Tyrwhitt's foot was badly crushed
and an examination of Mr. McDonald,
M. P., of Assiniboia shows his shoulder
dislocated. Mr. McCarthy asked per-
mission to address the meeting, but was
informed that only brethren in good
standing could speak from an Orange
platform.

Chief interest centred in the speech of
Hon. N. C. Wallace, grand sovereign. He
declared himself in favor of a national
school system for Canada and approved of
the action of Manitoba in abolishing
separate schools. If it could be done
constitutionally he would abolish separate
schools in the other provinces of the Dom-
inion. He announced himself as an op-
ponent of remedial legislation, and when
the proper time came would resist it with
all his strength. He did not, however, by
any action which he might take purpose to
anticipate that which might never happen.

NOVA SCOTIA NEWS.

MORE FISHERMEN LOST—BARQUE REDENTO
ASHORE.

HALIFAX, N. S., July 13.—The govern-
ment steamer Newfield arrived at Canso
yesterday, and reported that the Lunen-
burg schooner Somoa, Thursday, on the
northern edge of Middle Bank, and Cap-
tain Oxner informed them that two
dories, with four men, had got astray in
Wednesday's gale. Last night one of the
dories with two men arrived at Canso, but
nothing has been heard of the other two.

A few days ago the Austrian barque
Redento, for Marseilles, with lumber from
Miramichi, New Brunswick, went ashore
on Magdalen Islands. The crew succeed-
ed in getting to land and afterwards the
barque floated and went to sea. Yester-
day she was picked up by a fishing
schooner, believed to be an American,
which is likely to get the barque into Mul-
grave or Pictou by to-morrow.

FLOTSAM PASSED IN THE GULF.

FATHER POINT, Que., July 12.—The
steamship Parkmore, of the Johnston line,
from Liverpool, which passed inward last
night, reported having passed several
dead cattle and bales of hay in the gulf,
possibly indicating a disaster to some out-
ward bound steamer.
