

operation, and had to encounter those difficulties which must be expected in all new places, where the advantages of the higher branches of education are not sufficiently appreciated. By the exertions of a few individuals, subscriptions were obtained for the sum required to entitle the Institution to the Legislative Grant; an application to His Excellency the Lieut. Governor for the appointment of Trustees, was promptly attended to, who were fortunate in the choice of Mr. C. LLOYD, late of Halifax, N. S., as Principal; with the exertions of this Gentleman, the Trustees and the public have every reason to be satisfied.—The School already consists of about twenty-nine boys, and the progress of the several classes in Latin, Geography, Drawing of Maps, several branches of the Mathematics, as well as in the minor branches of Education, was gratifying to the numerous visitors, creditable to the Principal, and must have been highly satisfactory to the Trustees.

PR. ED. ISLAND.

The Legislature of Pr. Ed. Island was prorogued, on the 18th instant. Below we insert the Speech of His Hon. the President, on the occasion:

Mr President, and Gentlemen of His Majesty's Council,
Mr Speaker, and Gentlemen of the House of Assembly,

The business of the session having been brought to a conclusion, I have much satisfaction in being enabled to relieve you from further attendance; in doing which, I beg to convey to you my sincere congratulations upon that spirit of harmony and unanimity which has governed your proceedings.

Mr Speaker, and Gentlemen of the House of Assembly,

I thank you for the supplies which you have voted for the public service; and as far as in me lies, they shall be strictly applied to those purposes for which they are raised.

Mr President and Gentlemen of His Majesty's Council,
Mr Speaker, and Gentlemen of the House of Assembly,

In returning to your private avocations, I confidently trust that your influence will not be wanting to impress upon the minds of the ignorant and unwary, that obedience to the Laws is inseparable from their happiness and security.

ERRATUM.—Our readers will please make the following correction in the marriage of George Pagan, Esquire, in our last:—Last line, for "fifth daughter of Mr Justice Putnam," read fifth daughter of Mr Justice Upham.

PORT OF ST. JOHN.

Arrd. May 6, ship Regent, Hull: brig Fidelity, Belfast. 7, ship Margaret Rait, Mackie, from a Whaling Voyage. 10, ship Edmund, Liverpool.

Cleared—ships Pearl, Cork: St. Andrew, Newry: Lady Campbell, Greenock: Albion, Liverpool; brigs Timandra, Liverpool: Rosebank, Belfast.

The ship Saint Andrew, Garrison, of this port, for Newry, in going out of the harbour on the 8th inst., with a light wind, unfortunately came in contact with the brig Edwin, lying at anchor near the Beacon, and after getting clear of her, was, by the strength of the tide and freshet, driven on the bar, near the beacon, where she grounded, and at low tide fell over, and it is thought has received considerable damage as she is nearly full of water.—The greater part of the deck load was immediately thrown over, and by the assistance of the steamers Gazelle and Maid of the Mist, she was at high water yesterday morning towed off the bar, but failed in bringing her into port; she was anchored in deep water.—Last evening an attempt was made by the steamer Royal Tar to tow the ship into port, which proved unsuccessful.—The ship being large, timber laden and water logged, and a strong freshet running down, renders it very difficult to manage her in any way.

P. S.—The three steamers, we understand, are to tow her in this evening.

Barque Priscilla, McKenzie, of and for this port, from Liverpool, was abandoned on the 29th March, in a sinking condition; crew taken off by the Catherine, Jackson, from Liverpool for New York—14 of the crew were subsequently put on board of the Queen Adelaide from Liverpool for New Orleans. On the 30th April, 4 more of the Priscilla's men left the Catherine, and went on board a brig for Miramichi, and on the 3d instant, off Montang Point, the Captain, Mate, and two men got on board the Westmorland, Bennett, from Philadelphia for this port, and arrived in that vessel this morning.—Observer.
