

Grand Falls and Andover Meetings

Postmaster-General Heard at Grand Falls Liberal Meeting

A Liberal meeting was held in the Opera House on Wednesday evening, when the speakers were Hon. Dr. P. J. Veniot, postmaster-general; Albion R. Foster, M. P., Liberal candidate for Carleton-Victoria; Senator A. B. Copp, J. W. Niles, M.L.A., Dr. L. J. Viollette, M.L.A., and Mayor F. W. Pirie.

Extension of the Valley Railway after the feasibility of such had been investigated by the C. N. R., will come in due time, declared Hon. Mr. Veniot in addressing the large gathering. In a spirited speech he dealt with the achievements of the King Government and told of how the Maritime Provinces had benefited in the last few years. He reviewed the record of the King government and told of its taking over the branch railways, relieving the provinces of the Dominion of the burden of operation and enriching the provincial treasuries to the extent of millions of dollars. Mr. Veniot also referred to the Duncan Commission and its benefits.

Mr. Foster dealt with matters pertaining particularly to this portion of the province and asked for the support of the people on his record as their representative, promising to do all he could for the benefit of the people of this part of the country.

Senator Copp took up the various issues in the campaign and compared the platform and policy of the Government and their record of the last few years in office with that offered by Hon. R. B. Bennett, Conservative leader.

Dr. Veniot and Mr. Niles thanked the people for their support in the provincial election and asked for the same loyal support for Mr. Foster.

A meeting in the interests of the Liberal party was held Wednesday, July 23, in the Andover theatre. The meeting was called to order at 9 p.m. Hon. W. P. Jones, Albion R. Foster, M.P., John W. Niles, M.L.A., and Wilfred McPhail were the speakers. LeB. Anderson was chairman.

Mr. Foster, in his remarks, spoke of the non-employment of Liberals on the roads by local Conservative officials.

John W. Niles, M.L.A., said the King administration is appealing for support on its record. The Conservative party had appealed for support on promises; their platform has not as yet been laid open to the people. The Conservatives expected to win the vote by higher tariffs, coupled with promises. The King administration has meant business all through. Reduced debt, reduced taxation and the eradication of the stamp duty all go to prove that they mean business.

Wilfred McPhail spoke on the returned soldier problem, how that Mr. Smith a few days ago had said in Andover how meanly the present government had treated the returned men, saddled them with run-out farms and made them twice the value for them. Mr. McPhail pointed out how that it was under the Meighen administration that the high priced farms were loaded on the returned man, and when Mackenzie King became Premier he had all these farms revalued, and in most cases he had them reduced; also Premier King was big enough to take the Pensions Act out of politics, and pass it through the House, but not so with Bennett, who places politics first. In 1919, Mr. McPhail stated, our markets were flooded with oleomargarine. In 1923 Premier King abolished oleomargarine altogether.

Hon. W. P. Jones said, that among all the extravagant statements that Bennett is making, he does not give any hint that there is any dishonesty in the King government. If there had been any, he would have found it. Cause for congratulation to have a government for nine years that is honest. Unemployment does not exist in Canada in proportion to population. Mr. Jones said there were 6,000,000 unemployed in the United States and 2,000,000 unemployed in Great Britain. He also spoke on the railways, pointing out that when the King government came into power the railway situation was serious. King dealt with it in a business-like way, looked around for an outstanding railway man and obtained Sir Henry Thornton from England, to take the rail-

BOYS' CAMP AT NICTAU, N. B.

The Riley Brook Tuxis Boys and Trail Rangers go under canvas Monday and Tuesday, July 21 and 22, for their sixth annual camp, under Mr. Zwicker, the United Church student, as leader.

Between 15 and 20 boys are expected to be in attendance and we hope to make this camp as successful as those which preceded it, have been.

The annual free Sunday school picnic will be held on Thursday afternoon on the camp grounds, which are at Nictau, just above Miller's Hotel. Everyone is cordially invited to attend and help make this a truly good picnic. Ladies please bring baskets.

On Sunday afternoon the usual open-air service will be held on the camp ground. The Rev. F. E. Archibald, of Plaster Rock, will have charge of the service, which will be held at 3 p.m. Don't forget, good roads lead to the camp grounds; visitors are always welcome. A collection will be taken at the service to help defray expenses of camp.

The co-operation of parents and friends is requested, in order to make the camp a howling success for the boys in the upper part of Victoria county. Visit us at any time. The camp is always open for inspection and everyone is welcome.

FORTUNATE ESCAPE BY SIX OCCUPANTS OF CAR

Walter Shore, of Tilley, With Other Occupants Have Fortunate Escape When Car Overturns Three Times Down Embankment

When an automobile rolls over three times on an embankment with six persons in the car it would naturally be expected that one or more would be seriously injured and the car seriously damaged. But with the exception of a cut on the driver's head, no one was injured, when Walter Shore, of Tilley, in his sedan with Mr. and Mrs. Leo Boone and daughter, and David Boone, of Rowena, and Miss Ida Gregg, of Perth, returning from Juniper, Carleton county, left the road near Glassville. Coming around a curve the turn of the steering wheel turned the gasoline throttle, which caught when turned full on. The car speeded up, headed towards the side of the road, snapped around and rolled into a hollow, turning over three times, and stopping on its side during the third roll.

Mr. Shore was rendered unconscious but was the only one injured. All windows but one were broken, but other damage was slight, including dents in two fenders, small hole in the top, radiator cap missing, and perhaps one or two small dents in the body.

Mr. Shore had taken the party to see Mr. Henry Boone, who was seriously ill at Juniper, and whose death occurred on Saturday.

T. H. MANZER, OF AROOSTOOK, HAS CAR UPSIDE DOWN

No Injury or Damage Except Dents in Body of Car

When a tire blew out, the car of T. H. Manzer, of Aroostook, swung across the road and turned immediately upside down, resting on its top. Mr. Manzer was uninjured and not a window was broken, nor was there any damage to the car outside of a few dents in the body.

The accident happened on Sunday at Inman, between Perth and Kilburn, and Mr. Manzer was alone in the car.

SUCCESSFUL BOYS' CAMP ENDS

Sixty-one boys of Victoria and Carleton counties were enjoying camp life, with its varied activities, for ten days at Upper Kent, Carleton county. Camp was under the auspices of the Religious Education Council and was inter-denominational in character. The leaders are: Rev. Frank Archibald, United Church minister, of Plaster Rock; Rev. Joseph McAlden, Trinity church, Andover; Rev. A. F. MacLean, United Church minister, Andover; Mr. G. Zwicker, and Mr. Charles Anderson, swimming instructor. The boys were divided into six tribes: No. 1, Mohawks; No. 2, Iroquois; No. 3, Micmacs; No. 4, Vikings; No. 5, Delawareans; No. 6, Senecas. The general programme was as follows: Rising whistle, 7 a.m.; breakfast, 7:30; blanket outfit, and then at 9 o'clock came Bible study, 9:30. Games, football, softball, baseball and volley ball, between the tribes; 11-12, swimming period, with Charles Anderson, instructor; 12, dinner, 1-2, fixing up tents; 2 p.m., tent inspection; 2:15, hikes, treasure hunts, hare and hounds, etc.; 4 p.m., swimming; 6 p.m., supper; 6:45, ball games; 8:45, camp fire, or gathering in big tent, with singing, talks by the leaders, story telling, and closing with evening devotions.

Dr. R. W. L. Earle, of Perth, gave talks, with practical demonstration, on first-aid. Rev. W. G. Clarke, of Plaster Rock, District Commissioner, Provincial Boy Scouts, also addressed the boys and presented two awards for life-saving, which had been won previously. Mrs. Jackson, of Andover, was cook, and the boys vote her the best friend they ever had.

On Wednesday the big play-off for the championship softball league in camp, was played. Team No. 2 Iroquois, captained by Albert Edwards, defeated Team No. 1, Mohawks, captained by Gerald Stokoe. Camp fires were built three nights, at which the public attended.

Wednesday was field day. Results of the events will appear in our next issue.

ROADSTER STRUCK BY TRUCK ON TOBIQUE

Gordon Mason, of Plaster Rock, is owner of a new Ford roadster that was struck by a truck on a hill, one mile below Plaster Rock, on Thursday last. It is claimed that the truck, said to be owned by a Blue Bell man, crowded Mason off the road and then ran into him.

The main damage to the roadster was to the running board and fender on one side.

GIRL GUIDE AND BOY SCOUT CAMPS

A Girl Guide camp will be held at Oxbow, above Plaster Rock, from July 30 to August 6. The camp will be under the supervision of Capt. McCuthen and Assistant H. Aiton. All names of campers to be handed or sent in to Miss H. Aiton, Plaster Rock, on or before July 28 inst.

At the close of the above camp a Boy Scout camp will begin, under the leadership of Boy Scout Commissioner Clarke, and Provincial Cub Commissioner, Professor Pugh. The camp will last until August 14. All boys of Cub and Scout age—that is from 8 years of age up to any age, may enter the camp. The camp will be run entirely on Scout lines. All names to be sent to Rev. W. J. Clarke, on or before the 4th of August. The charge will be three dollars for the week.

The Cub packs and Scout troops in Victoria county are invited heartily to attend this camp.

Gale Does Considerable Damage During Saturday Evening Storm

EDMUNDSTON MAN FOUND DEAD BY SISTER

Found by his sister, Mrs. Deba Moreau, lying across his bed and bleeding profusely from a wound apparently self-inflicted by a 30-06 rifle, Victor Beaulieu, of Edmundston, died shortly after medical aid was summoned. He had been in poor health for some time. About three months ago he returned from a hospital at Kenora, Ont., and since that time had been staying with his sister, Mrs. Moreau, Victoria street.

He came into the house about five o'clock in the afternoon and went to his room immediately. About 6:15 Mrs. Moreau, who had prepared supper, went to his bed. She found him found him on the bed. The rifle, with a discharged cartridge was found in the room, the bullet having entered under the heart and came out under his left shoulder blade, and was found lodged in the ceiling. The coroner, Levite Cyr, viewed the body and gave permission for removal and burial. The funeral was held on Wednesday.

Beaulieu was 52 years of age and is survived by three brothers and two sisters.

TWO MEN KILLED NEAR EDMUNDSTON

Man Killed Instantly, Companion Dies Later Following Collision at St. Jacques

On Thursday last, July 17, Paul Martin, 42, of Iroquois, N. B., was killed instantly, and Thaddeus Grandmison, 24, also of Iroquois, died shortly after a one-ton truck in which they were driving crashed into the Temiscouata train at St. Jacques. The truck, driven by Grandmison, was speeding along the road leading from the main trunk road to the bridge over the Madawaska river at St. Jacques. The train, with several cars of pulpwood, was backing toward Edmundston with the caboose leading when the tragedy occurred.

The view of the track at the level crossing is partially obscured by houses, but it is reported that the train was moving very slowly and that the whistle was blown loudly.

Apparently the driver of the truck either did not hear the whistle, or thought he could beat the train to the crossing. The truck hit the caboose just behind the steps and was shoved along the track for about 100 feet, lifting the end of the caboose clear of the track before the truck stopped. The truck was wedged between the track and the caboose, with Grandmison and Martin in the Wreck.

WEBB HARTLEY

The many friends of Webb Hartley, of Carleton Place, Victoria county, will be grieved to learn of his death, which occurred on Thursday, July 17, at his home. He had not been in good health for some time, having suffered from heart attacks. On Thursday morning he had been out for a walk. He returned home at noon with a box of raspberries, which he had picked. He was on the verandah, and asked for a drink of water and was in the act of partaking it when he collapsed and expired. Medical aid was procured immediately, the physicians declaring that he had died from an heart attack.

The late Mr. Hartley was 37 years of age, the son of Mr. and Mrs. George Hartley, of Florenceville, Carleton county. He leaves to mourn his wife, who was Miss Levesque, of Grand Falls.

The funeral took place on Saturday at Fort Fairfield.

HENRY BOONE

The death of Henry Boone, for many years a highly respected resident of Rowena, and deacon of the United Baptist church, occurred on Sunday morning, July 20, at the home of his daughter, Mrs. John Gregg, of Juniper, N. B. He leaves to mourn one sister, Mrs. Alma Jones, of Vassalboro, Me.; three sons; William, of Plaster Rock, and David and Leo, of Rowena, and three daughters, Mrs. John Gregg, of Juniper; Mrs. Frank Gregg, Washburn, Me., and Mrs. Benjamin DeWitt, Crombie Settlement, and several grandchildren.

A short service was conducted at the home of Mr. and Mrs. John Gregg, Juniper, by Rev. Mr. Russell of the United Church of Canada, on Monday morning, and on Monday afternoon, July 21, the service in the United Baptist church, Rowena, was conducted by Lic. A. C. Hansell, assisted by Rev. John Wood and Rev. A. F. MacLean, of Andover. R. W. Demmings, of Aroostook, and Rev. Neil MacLean, of Saint John, a former pastor of the Rowena church. Members of the Perth Baptist choir sang three hymns at the church: "One by One," "Only Remembered By What We Have Done," and "Abide With Me," and one hymn at the grave, "Nearer My God to Thee."

The large number of people who gathered at the church from many sections of New Brunswick and Maine bore evidence to the high esteem in which the deceased was held, and the many beautiful flowers bore silent tribute to his memory and expressed silent and sincere sympathy with those whose loss is so keenly felt.

Burial was made in the cemetery adjoining the Rowena Baptist church, the service at the grave being conducted by the present pastor, Lic. A. C. Hansell.

The speaker was getting tired of being interrupted.

"We seem to have a great many tools here tonight," he said. "Wouldn't it be advisable to hear one at a time?" "Yes," said a voice. "Get on with your speech."

Wind of Tornado Proportions During Electric Storm Plays Havoc Along the Saint John River Valley

Saturday evening a terrific gale swept this section of the Saint John river valley, as well as other sections of New Brunswick and Maine, laying trees and telephone poles low, damaging barns and other buildings, and new-mown hay on uplands was swept away.

Probably the most severe damage in this district was in the upper central part of Carleton county. There was not much lightning there, which was severe farther north, accompanied by heavy thunder and rain.

Just below Florenceville several fine elms were broken off. Above Bristol one tree fell across the road, carrying down the telephone wires and one highway tree had fallen across the road. In the village of Aroostook a maple tree fell on electric light lines, but was braced up and did not break down the wires.

Damage to barns especially is reported. Between Bridgewater and Houlton, Me., nine miles of telephone lines were reported down Sunday morning. The Maine & New Brunswick Power Company plant at Aroostook Falls and the linemen put in a busy time during and following the storm. This company supplies electric light and power to several towns and villages in Maine and New Brunswick. Most of these places were without power for hours, being cut off during or after the storm Saturday evening. Woodstock did not have power until 3 p.m. Sunday. Houlton was without electricity for four hours.

OFFERED PROFESSORSHIP AT COLUMBIA UNIVERSITY

Former Andover School Teacher, Gordon Manzer, Son of Mr. and Mrs. T. H. Manzer, of Aroostook, Will Accept

Gordon Manzer, formerly of Aroostook, who has been, during the last year, taking his Master's degree at Columbia University, New York city, has been offered the position of assistant professor of science in that institution, which he will accept. During the same time in the coming year that he is carrying on his duties in this capacity, he will be enabled to take his Ph. D. degree.

During the present vacation period Mr. Manzer is engaged as science editor in the publication of a school encyclopedia. Previous to the past year he has been engaged in educational work in this province, having served last as principal of St. Andrew's Grammar School.

His many friends will be glad to learn of his well-merited promotion to a position on the staff of one of the United States foremost educational institutions.

PERTH-ANDOVER BRIDGE GETS COAT OF PAINT NOW

Employees of the New Brunswick Department of Public Works are now employed on the Perth-Andover highway bridge, cleaning the old paint off first with sand blast, and then will apply two coats of paint. Jas. Shields is in charge of the crew of 29 men, part of whom were employed on the Tobique Narrows bridge, which was expected to be completed today.

This crew painted recently the Grand Falls bridge over the Saint John river, and the Aroostook bridge. The old paint is removed by sand blast, compressed air being used. An air compressor, powered by gasoline engine, is part of the equipment. The paint is brushed on, spraying not being satisfactory for steel bridges. The work on the Perth bridge will occupy about three weeks.

UPPER KENT GIRLS' CAMP

A camp for girls will be held at Upper Kent this year, from Thursday, July 31, to Saturday, August 9. It will be under the leadership of Mrs. Joseph McAlden, of Andover, assisted by Miss Aiton, of Plaster Rock, and Miss Joyce Jamer, and others. Mr. Charles Anderson, formerly of the Sydney Y.M.C.A., will be swimming instructor. The programme will be practically the same as the boys'. Bible study, talks, games and swimming in the forenoon and camp inspection, treasure hunts, races, jumping, hikes and swimming in the afternoons; in the evening, volley ball, softball, camp fire, sing-song, etc.

A special speaker will be secured for Sunday afternoon, August 3, at the camp service. The girls are asked to bring the clothing suitable for camping—warm blankets and a pillow, a waterproof camp sheet, baseball equipment, bathing suit, Bible, towel and other necessary camping equipment. Mouth organs, soft ball, or anything in which there is any fun, will be welcome. It is hoped that Mrs. Jackson will be the cook for the girls. The cost will be the same as for the boys, \$4.00. The camp is inter-denominational in character, and any girl between the ages of 9 and 15, who is willing to sleep on the ground and otherwise take part in camp life, is welcome to come. As the camp must not be too large, the girls first to apply will be first accepted. They can make application, stating their age, to Mrs. Joseph McAlden, Andover, by telephone, letter, or personal interview. Do not forget to bring sufficient warm blankets, all marked, and a camp sheet.

Registration will take place Thursday afternoon, July 31, before supper when the fee of \$4.00 will be paid. Any one who cares too, can send along some girl who has not the means to come.

NEW BRIDGE FOR GRAND FALLS

Five more new highway bridges are to be constructed on New Brunswick highways, tenders having been called by Hon. D. A. Stewart, Minister of Public Works, for modern structures which will be installed with attendant improvement of roadway alignment.

One of the most important of the five new bridges in the group will be a modern structure with an 80-foot span that will replace the old covered wooden bridge on Trans-Canada Highway No. 2, at the mouth of Little river at the town of Grand Falls.

Potato Acreage Was Increased

The Federal Bureau of Statistics states that the acreage planted to potatoes is 557,000 acres, an increase of 25 per cent. over the 1929 plantings of 543,727 acres. Saskatchewan reports a very slight decrease while all other provinces report slight to fairly heavy increases, with Prince Edward Island reporting the largest percent.
