Meeting opened with "O Canada," followed by the Club Women's Creed in unison. Roll-call was answered by eight members, and two visitors. ## GET HEALTH

Ralph Waldo Emerson said: "Get health. No labor, effort nor exercise that can gain it must be grudged."

If those who have always enjoyed good health but realized its blessings they would certainly guard it more carefully.

The fact that you are strong doesn't warrant you in taking chances or ignoring ills which are in themselves infrequently of a fatal nature.

There is only one good plan for all to follow. Get the physician's advice promptly whenever any illness threatens. Another good plan consists in having us fill your prescriptions.
