## Made Trip to Chatham By Canoe In 1872

(Chatham Gazette)  
Costigan, of Grand Falls, has been visiting Mr. and Mrs. Lawler here for a few days. He took part in a remarkable canoe trip from Grand Falls to Chatham just 60 years ago, when he was a young shaver in his teens. It was in the summer of 1872 that his father, the late Hon. E. Costigan, set out in a canoe with his wife and young son to make a run by water from Grand Falls near the head of the St. John river, to Chatham near the mouth of the Miramichi. The little party in a birch bark canoe paddled down the St. John for some 35 miles to Chickitahawk where they portaged 14 miles to the head waters of the Southwest branch of the Miramichi and then ran down this river to Chatham, landing at the wharves in the upper end of the town. They found the water in the Southwest Miramichi so low, sixty years ago, they spent much time dragging the canoe over the bars and it took six days for their journey on this river.  
Hon. Mr. Costigan and family were guests in 1872 of William Lawler, father of the present John Lawler whom Mr. Costigan has been visiting and it might be mentioned that until last year Mr. Costigan had not once visited here since his memorable trip sixty years ago.  
Mrs. John Costigan after that trip returned to Grand Falls via Boissetown and Fredericton, while her father and son shipped their canoe aboard a steamer at Chatham and went to Campbellton, from where they poled up the Restigouche river to the Waggin and portaged across some two or three miles to Grand River. Thence they went down to the St. John river and thus back home to Grand Falls.  
It might be added that Mrs. Costigan had a long trip back home mostly by stage as there was no Canada Eastern railway in 1872 to transport her quickly from the Miramichi to Fredericton.—Chatham Gazette.

## RECORD MOOSE HEAD TAKEN ON TOBIQUE

A party of four sportsmen from Middletown, N.H., hunted last October with the Nictau Fish and Game Club, Ltd., at Nictau and Bathurst lakes. One of the party, August Schaub, carried off the honours of the New Brunswick big game season of 1932 in the taking of a bull moose with antlers spreading 67 1/2 inches, bearing 22 points and palms 11 inches wide. This moose was shot within a quarter of a mile of the spot where in 1909 Dr. W. L. Munroe shot a moose with 68 1/2 inch spread, setting a new record for the Province, which was broken only in 1919 when the present record head of 72 inches was made within five miles of the place where Dr. Munroe and Mr. Schaub made their killings. Several other moose were seen this season in the vicinity of Bathurst Lake, indicating a return of the forest king to that locality after several years of almost total absence.

The new car which he was driving took a double turn into the ditch and was badly wrecked. Mr. Bishop suffered a fractured shoulder and cuts about the face.  
The other two occupants of the car were fortunate in receiving only minor cuts and severe shock.  
Mr. Bishop is a graduate of Acadia University and Provincial Normal School. It has been three years since he visited this section of New Brunswick.

Stern opposition to currency inflation was voiced by Sir Charles Gordon, president of the Bank of Montreal, at the annual meeting. Declaring that Canada's trade is restricted by the present weight of public debt, Sir Charles expressed the view that expenditures could be reduced if government were confined to what he described as its appropriate functions. He laid stress on the necessity for honest and efficient leadership in future railway policy, naming it as Canada's most serious problem.

An announcement was made this week in the British house of commons that Canadian softwoods are to be used in place of European woods in all major building contracts that come under the supervision of the Commissioner of Works.

## Retires After Forty Years' Service

Rev. Felix Dugal, parish priest of St. Michael's Church, Drummond, for forty years, has been forced by ill health to retire. Father Dugal came to Drummond as a young priest. For a number of years his health has been very delicate, and has had to have an assistant priest to help him with the work of his large parish. Father Dugal is very well known throughout the surrounding country and it was with deep regret that his many friends received the news that he was retiring to St. Basil. On his last Sunday in Drummond he bade farewell to his congregation. The church was filled to its capacity. On the eve of Father Dugal's departure two addresses were read.  
Reverend Father Felix Dugal, Pastor of St. Michael's Church, Drummond, N.B.  
Dear Father Dugal:

It is with the deepest regret and sorrow that we, your parishioners of St. Michael's Church, have learned, unexpectedly, within the last few days, of your resignation as our pastor and of your intended departure from our midst at an early date.

Today, on the eve of your departure, as we meet you in this church as our pastor and spiritual adviser for the last time, to say to you a few words of farewell, our sorrow is unbounded, but we willingly bow to God's will which regulates all matters. We hope and pray that your well earned retirement from the active work of a parish may prove beneficial to your health, and that God may grant you many more years of peaceful, happy life.

It is nearly forty years since you, as a young priest in good health, first came to us as our pastor. At that time this church was newly established, financially poor, with a scattered population, and with the many inherent problems and troubles which such a country parish in those days held out for its pastor. Today, as a result of your prudent and careful administration during those many years, this parish takes high rank among country churches in this or the adjoining counties, and is now and for some years past free from debt. This freedom from debt during these years of depression was of great benefit to our people, and was due solely to your foresight and prudence in the preceding years. This fine church building which you have erected will ever stand as a lasting memorial to your efforts here.

The poor, the sick and the afflicted of our people have always been the special objects of your care and attention, and no winter cold, summer heat or bad roads ever prevented you from visiting them, either during day or night, and offering them the consolations of our holy Mother, the Church. By your words, your example and your precept, both publicly and privately, you have ever held before us the highest Christian ideals and principles, and your constant and continuous efforts for our spiritual welfare was ever your first consideration and your only objective.

Our knowledge of your inherent modesty prevents us from making at this time, as we would otherwise want to make, more extended references to your many good qualities of heart and mind and the exceptionally good results of your work here, but we at least beg to assure you that your impression for good on the minds, the hearts and the lives of our people during your long years of enduring nature than you might think for. We beg you to continue to remember us in your prayers, and we will endeavour to likewise pray for you.

In conclusion, dear Father, please accept the accompanying small gift as a slight token of the sincere appreciation and regard, which we have, and always will have, towards you and we sincerely trust that in the years ahead it may be our pleasure and privilege from time to time to have you visit us in this your old home parish of former days, the scene of your life work.

On behalf of the Parishioners of St. Michael's Church,  
NAPOLÉON DESJARDINS,  
Drummond, N.B.,  
November 23, 1932.

Reverend Father Levesque,  
Pastor of St. Michael's Church,  
Drummond, N.B.  
Dear Father Levesque:

It is with much pleasure that we, your new Parishioners, greet and welcome you today, as our new pastor and spiritual adviser. Welcome, thrice welcome, to our Parish, and may the years which you will spend with us be long and fruitful and blessed by God.  
It is only a few days since we met here, in much sorrow, to bid a tender farewell to Reverend Father Dugal, our late beloved pastor, who for so many years administered the affairs of our Parish with pre-eminent success, and to the entire satisfaction of all. Today, (Continued on Page Two)

Lockhart, of Andover, son of Mr. and Mrs. W. Lockhart, of Burnt Land Brook, were united in marriage at the United Baptist parsonage, Andover. Rev. H. E. DeWolfe performed the ceremony. Only immediate relatives were present at the ceremony.  
The bride was attired in rose crepe trimmed with black silk velvet. Miss Edith Gildart, sister of the bride, was bridesmaid, and the groom was supported by his brother, Harold Lockhart. Following the ceremony the newly married couple left for a motor trip to an undisclosed section of the Province. Following their return they will reside in Andover where the groom is in the garage and automobile service business with his brother. The bride has been a popular employee at the Andover exchange of the N.B. Telephone Co., Ltd., during the past two years.

## ANDOVER HIGH SCHOOL NOTES

The meeting of the Andover High School Association opened on November 25, with Agnes Cassidy presiding.  
A debate was enjoyed by both visitors and scholars. The subject was: "Resolved that the Reading of Modern Books (that is those written from 1900-32) are More Profitable to the Reader than Old Books." Grade eleven supported the affirmative and grade ten the negative. The decision was given to grade ten, 2 to 1. The winning of this debate by grade ten makes them the champion debaters in the high school this year until challenged and beaten by another team.

Not very long ago we found that we had a very enthusiastic pony rider in grade eleven. Her enthusiasm went to such a height that one day she came to school with a bump on her head. She had fallen off. This person was Chris Anderson.

## ENGAGEMENT ANNOUNCED

## Maine Commissioner Finds No Cause for Potato Disease Alarm

Commenting upon certain recent reports to the effect that a mysterious new disease had appeared in New Brunswick potatoes which threatened to harm any and all Maine importers of seed stock from that Province, Commissioner of Agriculture F. P. Washburn made the following statement:  
"As a result of these reports and the impression given by them it has seemed desirable to send E. L. Newdick, Chief of the Maine Seed Potato Inspection Service, and Dr. Donald Folsom, Plant Pathologist of the Maine Agricultural Experiment Station to Fredericton. These men held an extended conference with the Provincial authorities and officials who hold corresponding positions in New Brunswick.  
The report from Mr. Newdick and Dr. Folsom is, in part, as follows:  
"It seems that the newspaper accounts were greatly exaggerated. The trouble at the bottom of the affair was a disqualification due to the extreme care exercised by the Provincial officials rather than to any apparent danger. The specimens representing the disqualified stock showed a mixture of well-known minor difficulties such as flea beetle injury enlarged lentils or breathing pores, powdery scab, silver scurf, black scurf, and possibly skin spot disease. Also there was another kind of injury consisting of a pitting much like that caused by Rhizoctonia and wire worms working together but much less conspicuous. It is the opinion of the Maine officials that whatever new malady might be involved, it is not important. Like some other disfigurements it probably justifies disqualification on the basis of general appearance, but as far as is known, and according to laboratory tests, it would not affect the productive value of any seed stock or, appreciably, even the amount of waste in preparation for cooking."  
The ability of the Maine men sent to investigate this situation cannot be questioned. The Department and Experiment Station will continue to watch for and give warning of any outbreak of disease which may threaten our importers, but for the present there seems to be no cause for alarm."

The December meeting of the Perth W.I. was held at the home of Mrs. Chas. E. Raymond, assisted by Mrs. G. B. Graham, when Andover W.I. were our guests. Due to the illness of the president, vice-president Mrs. Ralph Sadler, presided, and the meeting opened in the usual manner. The vice-president welcomed eleven members of Andover Women's Institute and Mrs. E. Chantler, president, responded. We all joined in singing: "They are Jolly Good Fellows." Roll call was answered by 18 members and three visitors with a joke.

Correspondence was read by the secretary, some of which was laid on the table for further discussion. Mrs. C. E. Raymond reported having visited the school. The sick committee being absent, no report was given.

## PERTH WOMEN'S INSTITUTE

The sum of \$5.00 was voted to be used for a Christmas treat for Beulah Glenn, Lr. Perth and Perth schools. One dollar was voted to be paid into the almshouse fund for Christmas cheer.  
Mrs. Chantler spoke about how much relief work Andover W.I. did last Christmas.  
Mrs. H. J. Johnson, Mrs. H. H. Young and Miss L. Blakslee were appointed a programme committee for four months.  
It was decided that calls for help be left to the executive.  
Mrs. C. E. Raymond and Mrs. G. E. Palmer were appointed a sick committee. Mrs. M. L. Wright and Mrs. J. D. Bird were appointed a school committee, with Mrs. F. D. Sadler to look after the treat.

This closed the business, an Miss H. Harris took the chair programme convener and presented the following programme: Piano solo, Mrs. G. Edward Palmer; paper, "Legislation," Miss Harriet Harris; piano duet, Mrs. H. H. Young and Mrs. D. E. Craig; paper, "Canada's Genii of the Land," Mrs. R. W. L. Earle; vocal duet, Mrs. M. L. Wright, Mrs. J. W. McPhail, accompanied by Miss Blakslee; "musical contests" Perth and Andover. Each member and visitor received a Christmas gift.

Andover president, Mrs. Chantler, thanked Perth W.I. for entertaining them, and all joined in singing "They are Jolly Good Fellows" and "Good Night, Ladies." The meeting adjourned and the hostesses served a most delicious lunch.

During the first six months of 1933, it is understood, subordinate members of the staff of the New Brunswick Government Bureau of Information and Tourist Travel on mutual agreement will work for half that period and be laid off for the other half. Salaries will be paid accordingly, it is said. This will effect a saving, it is pointed out, and at the same time do away with the necessity of laying off employees permanently. Report has it that such procedures will be followed out in other provincial departments. Services of temporary employees already have been dispensed with.

The flock must be maintained for profitable returns. It is usually advisable to turn.
