The large building, owned and occupied by Samuel C. Campbell, of Plaster Rock, was burned to the ground early Sunday morning. The fire started in the rear of the building and had gained considerable headway before it was discovered. The building was used as a barber shop downstairs and the residence upstairs, with a garage and woodshed on the back.

About three o'clock Sunday morning Mr. and Mrs. Campbell were awakened by one of the children crying and discovered the house afire. Mr. and Mrs. Campbell and six children escaped clad only in night clothes. The lights were off at this hour of the morning and willing helpers did all that could be done but the fire had a good start and only a few things were saved from the house. Fortunately there was no wind blowing or some more buildings may have been destroyed as there were several near the fire. The origin of the fire is unknown. The loss is partly covered by insurance.

## N.B. Crop Yield Above Average

Announcement Made Today by Department of Agriculture Shows Grain Production Heavier Than in 1931—Three-Quarters of Crop Now Housed in Good Condition.

With excellent harvesting weather prevailing in New Brunswick throughout the whole province during the early part of September officials of the Department of Agriculture have reported a yield above the average in oats and barley, while root crops will exceed the average acre yield.

Approximately three-quarters of the total acreage of grain has been housed in good condition and excellent progress has been made in threshing by New Brunswick farmers. The total acreages of wheat and barley are larger than last year and the total crop of all grains is estimated by Department of Agriculture officials to be 500,000 bushels more than in 1931.

Hay has been carried on during this period to a considerable extent in the late hay producing sections of Westmorland and Albert counties and the Grand Lake area. Root crops will exceed the average acre yield and with the increased acreage this year the total production will be considerably greater than a year ago.

### Potato Production

The extent to which the total production of potatoes will be below that of last year cannot yet be correctly estimated. Very little digging has been done and the reports of the severity of rotting due to late blight vary widely. There has been no recent development to indicate that the earlier forecast of one-half of last year's total production stands to be revised.

The acreages of the staple crops and the estimate of the production of wheat, oats and barley for the present year and for comparison the figures for last year are as follows:

	1932	1931
Wheat	11,300	7,673
Oats	216,500	216,516
Barley	12,000	9,845
Buckwheat	42,000	41,637
Potatoes	47,000	59,263
Turnips	9,000	8,898
Hay	453,000	457,571
Fodder Corn	3,500	3,700
<b>Production</b>	<b>1932</b>	<b>1931</b>
Wheat	287,000	142,000
Oats	7,145,000	6,718,000
Barley	353,000	284,600

## Many Attend Services Sunday

One-Hundredth Anniversary of Organization of Church—Three Services Held Sunday—Wreaths Placed on Graves—History of Church, Reminiscences and Messages from Former Pastors Heard.

An interesting and important point in the life and history of the Andover United Baptist church was suitably recognized on Sunday, when three services were held in observation of the lapse of one hundred years since its organization. The Perth and Aroostook churches participated, and at the afternoon service, the history of the church and various reminiscences were given. All services were well attended.

At the morning service Rev. H. E. DeWolfe, pastor, and Rev. C. O. Howlett, of Lawrencetown, N.S., a former pastor, were the participating clergymen, Rev. Mr. Howlett delivering the sermon. He brought greetings from his family and church at Lawrencetown. The Aroostook choir led the singing at this service.

In the afternoon Revs. Howlett and DeWolfe were again in charge of the service, with the choir of the Perth church present. Two anthems were sung, also a solo by Le.B. Hopkins. In the anthems Miss Louise Blakslee and H. J. Johnson took the solo parts. Mrs. G. Ryan read the church history, prepared by Mrs. Lavina Armstrong Wright. Mrs. C. Archibald gave reminiscences of her grandfather, Elder Lathrop Hammond, founder of the church and its first pastor, and his coming to this section of the Province. Mrs. Archibald was presented a bouquet by the ladies of the church.

R. W. Demmings recalled some of the happenings during the past 35 years, the building of the present church edifice, and work of some of the deacons and ministers connected with the church, as well as the period during which he was pastor. Messages were read from former pastors: R. Osgood Morse, Lawrencetown, N.S.; A. H. Seymour, Jersey City, N.J.; J. B. MacDonald, Saint John; H. A. Davidson, Philadelphia; also greetings from the author of the church history.

A memorial service, to be held outdoors in the cemetery, was prevented by rain during the latter part of the afternoon. A wreath was hung on the tablet in the church building in memory of Rev. S. D. Ervine, by a niece, Miss Ella Ervine. Wreaths were also placed on the graves of deacons and pastors buried in the cemetery: Rev. Charles Henderson, Elder Lathrop Hammond, Deacon Justus Wright, Deacon James Wright, Deacon Spurden Wright, Deacon Elijah H. Sisson, Rev. Charles Sisson, Rev. Allen Sisson, Deacon E. Wellington Sisson, Deacon James Sloat, Deacon Daniel Hopkins, Deacon Benjamin Sloat, Rev. S. D. Ervine, Deacon James Armstrong.
