## 1932 Potato Crop 52 Per Cent. Less Than In 1931

The potato crop this year was considerably below 1931, according to a report issued by the Dominion Bureau of Statistics. Other root crops held about the same as the year before.

The total yields of root and fodder crops for Canada are estimated provisionally as follows, with the figures for 1931 within brackets: Potatoes, 39,249,000 cwt. (52,305,000 cwt.); turnips, etc., 36,347,000 cwt. (29,392,000 cwt.); hay and clover, 13,682,000 tons (13,960,000 tons); alfalfa, 1,757,000 tons (1,388,000 tons); fodder corn, 2,825,600 tons (2,833,500 tons); sugar beets, 450,000 tons (454,000 tons).

The average yields per acre are as follows, with last year's averages within brackets: Potatoes, 73 cwt. (90 cwt.); turnips, etc., 213 cwt. (195 cwt.); hay and clover, 1.51 tons (1.64 tons); alfalfa, 2.66 tons (2.49 tons); fodder corn, 7.84 tons (8.53 tons); sugar beets, 10.00 tons (9.98 tons).

The yield of potatoes, placed at 39,249,000 cwt., compares with 52,305,000 cwt. in 1931, a decrease of 13,056,000 cwt. or 25 per cent. The area decreased by 48,226 acres, while the yield per acre dropped from 90 cwt. in 1931 to 73 cwt. in 1932. Quebec shows a decline from 4,500,000 cwt., while Ontario's crop was reduced by about 3,500,000 cwt.

Turnips are estimated to have yielded 6,500,000 cwt. more than last year, while hay and clover, fodder corn and sugar beets remain about the same. Alfalfa pro-

## BLEMISHES FOUND ON SOME TUBERS

A mysterious pathological condition in the 1932 potato crop in New Brunswick at the present time is giving both growers and government agricultural officials concern.

Both seed and table stock potatoes, according to reports received from various parts of New Brunswick, have developed a pimple-like outbreak on the surface of the tuber after storage, and the nature of the disease and the methods of combatting it are the subject of an inquiry by officials of the Dominion plant pathological service.

The condition, the name of which will not be known until plant pathologists compile a report in the near future, is believed to originate while the potatoes are still in the soil, and to become more extensive while they are in storage.

It is learned reliably that potatoes which are found to be infected will not be passed on inspection, which means that a certain proportion of the province's surplus will not be exportable. The Dominion inspection service has a regulation which prevents blemished potatoes being passed, and the utmost care is being taken by officials to prevent tubers affected by the newly discovered condition being shipped to the United States or other countries, in order to maintain the high standard of the province.

duction increased by 369,000 tons or 27 per cent., largely due to an increase in area of 104,040 acres or 19 per cent., mostly in Ontario.

BORN: To Mr. and Mrs. Harold J. Pirie, Perth, on Saturday, November 19, a daughter.

## Several Accidents Monday and Tuesday

Apparently just sufficient snow fell Monday to make the roads slippery for motor vehicles, especially on some sections of highway. Reports of trucks and automobiles leaving the road, with damage slight to severe, are numerous. About two dozen cars went off the highway between Grand Falls and Edmundston, it is reported. There were a few accidents near Perth and Andover and on the Tobique, some of them resulting in extensive damage.

The snow was an inducement to many hunters who went to the woods Tuesday morning.

## D'ARCY COSTIGAN

Funeral services for D'Arcy Costigan, of Los Angeles, Cal., were held at Colton, Cal., recently.

Mr. Costigan passed away at the residence of his sister, Mrs. Helen Costigan Toplin, Fontana, Cal. He was a brother of W. M. Costigan, of Grand Falls, N.B., and Thomas Costigan, of Pontana, Cal., and a nephew of the late Hon. John Costigan, of Grand Falls.

Mr. Costigan grew up in New Brunswick and for many years was in the Royal Bank of Canada at Edmundston. He lived for some time in British Columbia, later going to California. For a number of years he held a position of responsibility with the Bank of America, California's largest banking institution, where his sterling qualities gained for him the respect of his colleagues.

The program began with a paper by Mrs. Brooks, "What We Can Do to Help the League of Nations." Mrs. Brooks also won the contest and the pretty prize provided by Mrs. H. Larlee.

A visiting friend gave a reading. Time growing short, Mrs. C. E. DeMerchant gave a short talk on "Apples and Apple Growing in N.B." instead of the expected demonstration, and distributed copies of an attractive booklet, "Canadian Grown Apples."

Next meeting is "Gentlemen's Night," with chicken supper at Mrs. A. Oglivly's.

## PLASTER ROCK HIGH SCHOOL

On Saturday, November 19, the High School boys went to Perth to play football with the Perth-Andover team. In this game they met defeat, the score being 3-0. Speeches are still being given. On Friday, November 18, the following, which were very interesting, were given: Alice Jenkins, "Russia"; Gwen Linton, "Robert Clive"; Kathleen Giberson, "Christmas"; Dorothy Hiscock, "The Geological Survey of the Grand Canyon of Colorado in 1923"; Helen Smith, "League of Nations"; Doris Talbot, "The Untouchables of India"; Edna Colbourne, "Thomas Arnold"; Emmeline Briggs, "Founding of Fredericton."

Mr. Kierstead not only teaches the subjects required for school but he also gives the boys sweeping lessons after school.

The girls of Grade eleven would like to know if the boys of the same class are kept in cold storage rooms at home.

We wonder why Reta Hatheway wanted to go to Grand Falls Saturday night?

Why does Isabel Taylor smile so sweetly across the aisle?

Why did Alice Jenkins go over the river Friday night?

Why does Ivan Stairs like "red hair" so well? Is that why he and Ralph Lloyd are such good friends?

Why was Dorothy Hiscock so excited last Monday morning?

## PERTH HIGH SCHOOL

On Friday, November 21, several three-minute speeches were given by the pupils of grades nine, ten and eleven. The subjects for these were taken from Myer's History and proved to be very interesting.

On Wednesday, November 19, the would-be graduating class of 1933 held their first class meeting for the purpose of electing class officers. Mr. Mallory acted as chairman. The following were the officers elected: President, William Jackson; secretary-treasurer, Marion Garvie; editor, Marion Elliott. Any other officers will be elected later in the year.

One day Sunshine and several other bright members of the High School were engaged in a bit of mischief when others noticing the dark looks of the teacher in their direction went on with their work. When at last Sunshine realized the impending danger, he retreated behind a cloud.

## 10 PER CENT. DECREASE IN TOURIST TRAFFIC TO NEW BRUNSWICK

Statistics, issued by the New Brunswick Government Bureau of Information and Tourist Travel, show a decrease of 10 per cent. in the tourist trade in this Province up to October 31 of this year, as compared to the corresponding period in 1931. The trade this year, however, is practically equal to the tourist traffic in 1930, according to the figures supplied the New Brunswick bureau by the customs ports of entry along the international boundary.

These figures deal only with the tourists entering New Brunswick from the United States, but officials of the Bureau of Information and Tourist Travel declare the traffic from Quebec and Ontario this year to have been larger than at any other time. The decrease in tourist traffic from the United States into New Brunswick is the smallest reported by any of the three Maritime Provinces this year and is less than several other Canadian provinces.

Some of the figures showing the automobile tourist parties entering New Brunswick for stays of more than 24 hours and not more than 60 days up to October 31, 1932, follow:

|                       |        |        |
|-----------------------|--------|--------|
| Andover               | 1932   | 1931   |

| Edmundston            | 31     | 3      |
| Four Falls            | 6,707  | 5,466  |
| Grand Falls           | 680    | 970    |

## SOUTH TILLEY W. I.

Ten members of the South Tilley W.I. met on Thursday, November 3, with Mrs. Geo. Brooks as hostess. Roll call, "Interesting Facts About European Countries," was well responded to. Some items of business were taken care of, and reports of school and sick committees considered.

The building loaned us for two seasons by Mr. DeMerchant, was offered for sale, and bought by the W.I.

A committee was appointed to go over the prize list, in order that the revised list may be published early in the year.

The program began with a paper by Mrs. Brooks, "What We Can Do to Help the League of Nations." Mrs. Brooks also won the contest and the pretty prize provided by Mrs. H. Larlee.

A visiting friend gave a reading. Time growing short, Mrs. C. E. DeMerchant gave a short talk on "Apples and Apple Growing in N.B." instead of the expected demonstration, and distributed copies of an attractive booklet, "Canadian Grown Apples."

## Good Report Heard At Annual Meeting

On November 18 the Perth Agricultural Society held their annual meeting in the South Tilley W.I. hall. Considering the condition of the roads and bad weather, a representative number of members were present. Following the auditor's report, which was adopted as read, the election of officers for the coming year was the next item of importance, resulting as follows: N. J. DeYone, president; Alex Paul, vice-president; T. E. Walker, secretary-treasurer; Alex Paul, Leo Boone, Ben DeMerchant, James DeYone, Ray Pirie and F. C. M. Peoples comprised the directors. F. C. M. Peoples was appointed auditor.

Naturally one of the most important items discussed at this meeting was the County Fair Fall, past and future.

In connection with the past, the members could only look back with satisfaction and gratitude to their co-workers and others, especially the South Tilley Women's Institute, for the large measure of success which this undertaking has enjoyed during the last four years in which this fair has been held.

Definite plans were made to carry on the fair from year to year, and to strain every effort to make it even more of a success.

At this meeting authority was granted the directors to obtain the necessary information in connection with the erection of a suitable shed in which to house the livestock during the fair period.

Following is a financial statement of the Society for the year ending October 31, 1932:
