Everyone knows that it is quite a bother to shop around from place to place in this busy age, no matter whether one is out in the car, walking or telephoning as it takes a lot of time. That is the reason for the large patronage of H. F. Stewart as just about everything in hardware and allied lines can be secured here.

With each year our civilization becomes more complex and every day new inventions are taking the place of labor especially in the way of hardware and specialties. In the previous decade it was only necessary to keep a few knives and some tools and a few other articles to conduct a hardware store, but today one must have a vast array of articles to make the service attractive. The management of this store studies the needs of the kitchen, the household and the mechanic and has in stock one of the most modern lines of hardware to be found anywhere. Their trade is so large that all the stock is of the latest pattern as new goods are arriving all the time.

With the modern era of building, the builders' hardware is far more durable and artistic than formerly as well as being constructed along lines that suit the architecture of the building. They have all styles and

can furnish any design desired. The salesmen are familiar with the various designs and if you will but tell them your needs they will aid you in a selection that will add beauty to your home.

H. F. Stewart has an excellent store which has been arranged for the convenience of the people. You can go in here and walk around and see the stock. It is displayed in plain sight and there is a selection of the latest ideas in sporting goods. The manager and sales people are familiar with the lines and are able to give all information.

This store is really a hardware department store as they carry many specialties and new ones are being added all the time. It is important that people occasionally tour this store and look over the new goods that are continually coming in.

We desire to call the attention of the public to the great service they are rendering in modernizing the life of the people by the distribution of the newest products of the day and to compliment them upon their great success which is due to the fact that they are performing a great public commercial service as well as conducting one of the most complete stores in this part of the province.

The O. C. Johnston Drug Store

Located In Perth, Features an Excellent Modern Drug Store Service With the Freshest and Purest of Drugs and Drug Store Specialties—Have an Excellent Prescription Department—Mr. Johnston Always Has a Registered Pharmacist in Attendance at the Store.

Ever changing and always progressing, the march of Canadian civilization is continuing along the path to world supremacy. In the tremendous expansion which is continually going on every line of business must keep pace and modernize all the time. Especially has this been true in the drug store field. The drug store of our fathers' day was a reliable institution which dispensed drugs and did nothing else; very often its stock of drugs was none too fresh. But today, while keeping in mind the primary purpose of the store, to dispense drugs and make up prescriptions, the drug store has expanded its business to cover other allied lines which logically should be sold together with drugs. No store has recognized this change and followed it more than The O. C. Johnston Drug Store.

The O. C. Johnston Drug Store continues to make their chief concern the dispensing of fresh drugs and the proper and careful compounding

of prescriptions. With modern methods of delivery it can get its drugs quicker, can have them fresher and give better service in this line. They also carry a full line of all standard proprietary medicines, those which have been tried and tested and found reliable. The stock also includes a full line of toilet waters and necessities, various medical and surgical aids, and many more lines too numerous to mention.

The O. C. Johnston Drug Store sells these products at the lowest prices consistent with a fair margin of profit and at all times give only the best and freshest of goods. The management and his assistants all feel their responsibility to the public and live up to it.

The O. C. Johnston Drug Store in the sale of drugs and allied lines, is helping to guard the health, well-being and happiness of the community; no service can be more praiseworthy, and we are happy to commend this modern drug store as a safe and reliable drug store.
