NEW YORK, *Nov.* 9.—The Panama *Star* and *Herald* of the 1st instant has advices from Central and South America. An attempt has been made to get up a revolution in Costa Rica, C. A., which proved unsuccessful. According to statistics, the number of deaths from cholera in the department of Leone Nicaragna alone from the 24th of March to the 12th of September amounted to 4188.

A treaty has been made between Nicaragua and the United States, and is on the way to Washington. The building of a railroad across Nicaragua is regarded as more of a problem than ever, as its feasibility is not proven by the survey had. The Congress of South America had failed to convene on the day fixed for want of a quorum. After much skirmishing for several days a session was obtained and business proceeded with.

An Ottawa (Canada) special says in the Canadian House of Commons yesterday Mr. Galt made known his reasons for resigning his position as Minister of Finance. There was a feeling of distrust felt towards him, he said in Ontario. Mr. Tilley succeeds him. Mr Howe, of Nova Scotia, made a speech against the Confederation. Gold 139.

NEW YORK, *Nov* 11.—There have been no cable dispatches since Thursday night, owing to prostration of Newfoundland wires as is supposed.

By steamer:—It is reported Queen Victoria has resolved to emerge from comparative seclusion in which she has lived for so long a period, and that next session of Parliament will be one of the most brilliant on record during her reign.

A letter from Santiago, Chili, dated Oct. 8th, says that the war between that power and Spain remains in statu quo. Spain is concentrating her forces at Rio Janeiro and Montevidoe, and the allied republics are waiting for something to turn up. The defences of Valparaiso are being pushed forward with all dispatch, although the government professes not to apprehend the return of the Spanish fleet. The Peruvian war vessels are kept in Chilian waters albeit there are misgivings as to the result should the Spanish fleet essay another attack. The revolution in Peru has created a profound sensation. In Chili the sympathies of the people being with President Prado many Chilians are reported as on the point of going to Peru to help Prado to put down the rebellion. The wheat crop threatens to be a failure in the south of Chili.

NEW YORK, *Nov.* 11.—By the arrival of the steamer *Marmion* from St. Thomas, 1st inst., we have additional particulars of the great hurricane there. The Surgeon of the steamer reports:—"We arrived at St. Thomas on the morning of the 30th, and found that the Island had been visited the day previous by the most terific hurricane ever known there, the town being partially destroyed, and the loss of life very great. The amount of property at present, it is impossible to estimate. The scene of destruction and devastation it is impossible to describe. The wind commenced blowing a pretty stiff breeze about 7 o'clock from the North West, and about 11 o'clock it changed round to the East, and blew a hurricane, carrying everything before it. It lasted about four hours, but during that raged with such violence that trees were torn up, houses lifted from their foundations and dashed to pieces. Ships and steamers of the largest class, as well as smaller vessels, were hurled together and either drshed to pieces or sunk. Some 50 or 60 vessels are ashore, dismasted or sunk, and part of their crews lost. Thousands are rendered homeless, and the amount of suffering, confusion and excitement it is impossible to describe. There is nothing doing; everything seems paralyzed.

LONDON. *Nov.* 12.—The news of the great loss of shipping and the distruction of property by the hurricane at St. Thomas, creats a wide spread feeling of depression in mercantile circles, as British shipping merchants and underwriters are heavy loosers by the calamity.

England, France and Austria have come to a common understanding as to the policy to be pursued by them on the Eastern question The Paris *Moniteur* this morning says that popular tumult, incited by the Mazzinians, had broken out in Milan and other large cities of Italy, but asserts that by the prompt and decided action of the Italian Government, all the outbreaks have been suppressed.

The trial of Garibaldi has been postponed, it being considered doubtful whether any of the courts have jurisdicton in his case.

Disturbances have again broken out in Devonshire. There was a bread riot in Barnstable to day, which exceeded in ferocity and destruction the riots of Exeter. The mob broke into butchers shops and bakers, plundered them, and then set them on fire. The police and military were obliged to fire upon the mob.

A despatch from Glamorgan, Wales, states that a terrible explosion took place in one of the mines at Ferndale colliery, in that County. All the men, 300 in number, were at work at the time. At last accounts the mine was on fire, and it was feared that but few lives would be saved.

Marriages.

At Christ Church Cathedral, on Tuesday, the 5th inst., by the Rev. Mr. Dinzey, Mr. Adolphus Sewell, to Miss Louisa A. Segee, both of Lincoln, Sunbury County.

On Thursday the 7th inst., at Saint Mary's, by the Rev. Wm. Jaffrey, Roderick Haines, to Martha, daughter of the late William Shields, all of Saint Mary's.

☞ Funeral from his late residence in Westmorland Street, on Friday next, at half-past 4, P. M.

ARMY CONTRACT.

SEALED TENDERS, in duplicate, will be received at this Office, until noon, on MONDAY, 2nd December, from persons desirous to enter into a Contract for the supply of

Fresh Ox and Heifer Beef and Mutton,

To be issued to Her Majesty's Troops, Staff and Departments, at this Station, for one year, from the 1st January, to 31st December, 1868, as under, viz:—

The Meat supplied shall consist of Fresh Beef and Mutton. The latter shall be issued on Tuesdays and Saturdays in each week, from 1st January, to 31st March; and from the 1st of August, Mutton will again be issued twice in each week on the days stated until 31st December.

The Beef to be Ox and Heifer in equal proportions, properly fed, good, sound and sweet, equal in quality, for the whole period of the Contract, to the average sold in the market; to consist of fore and hind quarters weighing not less than 90 lbs. each,—none of the suet to be removed, and the bone from each fore quarter must have at least 4 inches cut off clear from the neck joint, and each hind quarter must have at least 4 inches of bone cut off clear above the hock joint of the carcase of the Ox.

The Mutton to be of the best quality, ewe or weather, weighing not less than 35 lbs. each,—to consist of fore and hind quarters, to be cut off at the knee and hock joints, and when Lamb is allowed to be substituted for Mutton it must be large Lamb, of approved quality and size weighing not less than 25 lbs.

The meat for the Troops to be delivered daily, (Sunday excepted,) on the order of the Senior Commissariat Officer, and in the manner and at the place and hour appointed by him. The Regimental issues to be by entire quarters, and to be conveyed to the several Barracks at the Contractor's expense.

The whole to be subject to the approval of the Senior Commissariat Officer; or if required, to that of a Board of Officers constituted by proper authority and whose decision shall be final.

The Contractor shall at all times keep in an approved Depot, which must be a convenient distance from the Garrison, a supply of Oxen and Sheep of the required quality equal to two weeks' consumption, and the whole shall at all times be subject to the inspection and approval of the Senior Commissariat Officer or person appointed by him; and should the Contractor at any time fail to keep such Depot, or neglect to supply any quantity of Meat demanded as above, the Senior Commissariat Officer, or person appointed by him, shall have the power to purchase at any price (or to issue Salt Meat in lieu thereof) charging the expense to the Contractor. It is, however, to be distinctly understood, that due notice of demand (not in any case less than 12 hours) is at all times to be given to the Contractor, and that no meat, after having been once issued to Regiments, can, on any protext whatever, be returned to the Contractor. Also, if at any time [illegible] should be encamped within ten miles of Fredericton, the Contractor shall supply them with Meat or shall deliver Cattle or Sheep, to be slaughtered and prepared by the Troops themselves, at the option of the Senior Officer, and all and every expense, if any, of such delivery, shall be defrayed by the Contractor.

The Deputy Assistant Commissary General will have no objection to receive Seperate Tenders for the supply of Mutton or Beef from any persons who may be desirous of Contracting separately for either supply.

Payment is to be made in Money; (Bank Notes, or Specie at the option of the Senior Commissariat Officer), not in Treasury Bills as heretofore.

Printed forms of Tender may be obtained at this Office; and each Tender must have the original Signatures affixed of two persons of unexceptionable responsibility and known property, engaging to become bound in the penal sum of one thousand pounds (£1,000) sterling, for the due execution and fulfilment of a Contract as above.

The Deputy Assistant Commissary General reserves the right of rejecting all or any of the tenders.

Further information required may be obtained at this Office.
