Varieties.

THE COBBLER'S SECRET.

A waggish cobbler once in Rome
Put forth a proclamation,
That he'd be willing to disclose
(For due consideration)
A secret which the cobbling world
Could ill afford to loose—
The way to make, in one short day,
A hundred pair of shoes.

From every quarter, to the sight
There ran a hundred fellows—
Tanners, cobblers, boot-men, shoe men,
Jolly leather sellers—
All redolent of beer and smoke
And cobbler's wax and hides,
Each fellow pays his thirty pence,
And calls it cheap besides.

Silence! The cobbler enters now,
And casts around his eyes :
Then curls his lips—the rogue, he frowns
And then looks wondrous wise,
"My friends," he says, "'tis simple quite,
The plan that I propose,
And every one of you I think,
Might learn it if he chose.

A good, sharp knife is all you need
In carrying out my plan:
So easy is it none can fail,
Let him be child or man.
To make a hundred pair of shoes,
Just go back to your shops,
And take a hundred pair of boots
And cut off all the tops.

LORD ELDON.—The Chancellor was sitting in his study over a table of papers, when a young and lovely girl—slightly rustic in her attire, slightly embarrassed by the novelty of her position, but thoroughly in command of her wits—entered the room and walked up to the lawyer's chair.

"My dear," said the chancellor, raising and bowing with old world courtesy, "who are you?"

"Lord Eldon," answered the blushing maiden, "I am Bessie Bright, of Weobly, the daughter of the Vicar of Weobly, and papa has sent me to remind you of a promise which you made him when I was a little baby, and you were a guest in his house on the occasion of your first election as member of Parliament for Weobly."

"A promise, my dear young lady?" interposed the chancellor, trying to recall how he had pledged himself.

"Yes, Lord Eldon, a promise. You were standing over my cradle when papa said to you, Mr. Scott, promise me that, if ever you are lord chancellor, when my little girl is a poor clergyman's wife, you will give her husband a living;" and you answered, "Mr. Bright, my promise is not worth half a crown, but I give it to you, wishing it were worth more."

Enthusiastically the chancellor exclaimed :

"You are quite right, I admit the obligation. I remember all about it;" and then, after a pause, archly surveying the damsel, whose graces were the reverse of matronly, he added : "But surely the time of my promise has not yet arrived? You cannot be anybody's wife at present?"

For a few seconds Bessie hesitated for an answer, and then, with a blush and a ripple of silver laughter, she replied:

"No; but I do wish to be somebody's wife. I am engaged to a young clergyman; and there's a living in Herefordshire, near my old home, that has recently fallen vacant, and if we shall marry before the end of the year."

Is there need to say that the chancellor forthwith summoned his secretary, and the secretary forthwith made out the presentation to Bessie's lover, and, that having given the chancellor a kiss of gratitude, Bessie made good speed back to Herefordshire, hugging the precious document the whole way home?

WHAT A KENTUCKY WOMAN DID.—A correspondent of the Louisville *Courier*, writing from Litchfield, Grayson, Ky., says:—As this is the season of the year that ginseng is dug, one day last week a woman living five miles southwest of this place, with hoe and basket in hand, went into the woods to dig ginseng, and made a very profitable day's work of it. She dug and gathered ten pounds of ginseng, worth $6 50; caught a young spotted fawn, which she sold to-day in Litchfield for $10; caught and killed five young gray foxes, for which the State pays her $5, and killed two black snakes and one rattlesnake. Can any hunter beat that. She took the young fawn home, and she having a young baby, nursed the fawn and baby from her breast at the same time. I am told it was a novel sight to see baby and the little spotted fawn sucking at the same time.

A TERRIBLE WEAPON.—The experiments which are taken place in France on the newly invented portable field-piece would seem to confirm the reports in regard to its character as a terrible arm. None but the artillery officers who direct the experiments are aware of the construction of these guns. They are brought on the ground in leather coverings; even the ammunition and carriages are carefully concealed. The practice, takes place behind scaffolding. The only fact which has transpired is that these guns project a perfect shower of balls on a target two yards in height, and measuring three feet across, at the enormous distance of 2500 yards, each ball penetrating the half-inch iron target. Twenty rounds can be fired per minute, and the gun, its carriages and ammunition only require two men for their transport. It is also stated that they are most easily handled.

A lady correspondent of the Milwaukie Sentinel, who, writing under a non de plume, had attracted considerable attention, received a note from a gentleman admirer recently, in which the writer said that a lady who could put such beautiful thoughts to paper, must be equally gifted in person, etc., and wanted to meet her by moonlight alone, to which she wrote a consent. She came to the rendezvous veiled; they walked, he talked, made love; finally gained consent to take a little kiss; the veil was raised for the purpose, and the stricken gentleman gazed upon the comely features of his own wife.

A COLORED PREACHER ON BENEVOLENCE.—"Ise knowed many a church to die cause it didn't gib enough, but I nebber knowed a church to die cause it gib too much. Dey don't die dat way. Bredren, has any of you knowed a church to die cause it gib too much? If you do, jest let me know, and I'll make a pilgrimage to dat church, and I'll climb up by the soft light ob de moon to its moss-covered roof, and I'll stand dar and lift up my hands to hebben and say, "Blessed are de ded dat die in de Lord."

In the "good old times" when men were imprisoned for debt, a debtor was held in durance vile at the suit of a creditor, who, of course, had to pay the delinquent's board—$2.25 a week. After a few months had passed, the debtor sent for the creditor to come over to the jail and "settle the affair," and the latter immediately went. "See here," said the debtor. "you are paying $2.25 a week for my board here; now just let me out, and apply the $2.25 a week on your debt, and I'll board myself till it's paid."

A country editor describing the bonnets now in fashion, says: They have a downward slant that reminds one of a vicious cow with a board across her nose.

IMPORTANT TO THE AFFLICTED.

DR. DOW continues to be consulted at his Office, Nos. 7 and 9 Endicott Street, Boston, on all diseases of a

Private or Delicate Nature.

By a long course of study and practical experience of unlimited extent, Dr. D. has now the gratification of presenting the unfortunate with remedies that have never, since he first introduced them, failed to cure the most alarming cases of

Gonorrhœa and Syphilis.

Beneath the treatment, all the horrors of venereal and impure blood, Impotency, Scrofula, Gonorrhœa, Ulcers, pain and distress in the regions of procreation, Inflammation of the Bladder and Kidneys, Hydrocele, Abscesses, Humors, frightful Swellings, [illegible] this class of disease, are made to become as harmless as the simplest ailings of a child.

Seminal Weakness.

Dr. D. devotes a great part of his time to the treatment of those cases caused by a secret and solitary habit, which ruins the body and mind, unfitting the unfortunate individual for business or society. Some of the sad and melancholy effects produced by the early habits of youth, are Weakness of the Back and limbs, Dizziness of the head, Dimness of sight, Palpitation of the heart, Dyspepsia, Nervousness, Derangement of the digestive functions, Symptoms of Consumption, &c. The fearful effects on the mind are much to be dreaded; loss of memory, confusion of ideas, depression of spirits, evil forebodings, aversion of society, self-distrust, timidity, etc., are among the evils produced. Such persons should, before contemplating matrimony, consult a physician of experience, and be at once restored to health and happiness.

Patients who wish to remain under Dr. Dow's treatment a few days or weeks, will be furnished with pleasant rooms, and charges for board moderate. Medicines sent to all parts of the country, with full directions for use, on receiving description of your cases. DR. DOW has also for sale the French Capottes, warranted the best preventive. Order by mail. Three for $1 and a red stamp.

HIGHLY IMPORTANT TO FEMALES IN DELICATE HEALTH.

DR. DOW, Physician and Surgeon, Nos. 7 & 9 Endicott Street, Boston, is consulted daily for all diseases incident to the female system. Prolapsus Uteri, or falling of the Womb, Fluor Albus, Suppression, and other menstrual derangements, are all treated upon new pathological principles, and speedy relief guaranteed in a very few days. So invaribly certain is the new mode of treatment, that most obstinate complaints yield under it, and the afflicted person soon rejoices in perfect health.

Dr. Dow has no doubt had greater experience in the cure of diseases of women and children, than any other physician in Boston.

Boarding accommodations for patients who may wish to stay in Boston a few days under his treatment.

Dr. Dow, since 1845, having confined his whole attention to an office practice, for the cure of Private Diseases and Female Complaints, acknowledges no superior in the United States.

N. B.—All letters must contain four red stamps, or they will not be answered.

Office hours from 8 A. M. to 9 P. M.

Certain Cure
IN ALL CASES, OR NO CHARGES MADE.

DR. DOW is consulted daily, from 8 A. M. to 8 P. M., as above, upon all difficult and chronic diseases of every name and nature, having by his unwearied attention and extraordinary success gained a reputation which calls patients from all parts of the country to obtain advice.

Among the physicians in Boston, none stand higher in the profession than the celebrated DR. DOW, No. 7 Endicott Street, Boston. Those who need the services of an experienced physician and surgeon should give him a call.

P. S.—Dr. Dow imports and has for sale a new article called the French Secret. Order by mail.—Two for $1 and a red stamp.

Boston, May 15, 1867.—1yr.

Drugs, Medicines, &c.

A COUGH, COLD, OR SORE THROAT,

REQUIRES IMMEDIATE ATTENTION, AND SHOULD BE CHECKED. IF ALLOWED TO CONTINUE,

Irritation of the Lungs, a Permanent Throat Affection, or an Incurable Lung Disease.

IS OFTEN THE RESULT.

BROWN'S BRONCHIAL TROCHES

Having a direct influence to the parts, gives immediate relief.

For Bronchitis, Asthma, Catarrh, Consumptive and Throat disease,

TROCHES ARE USED WITH ALWAYS GOOD SUCCESS.

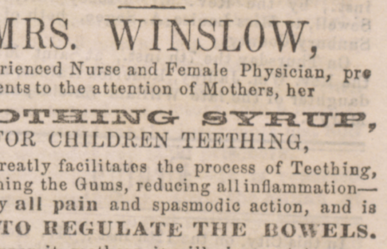
SINGERS AND PUBLIC SPEAKERS

will find *Troches* useful in clearing the voice when taken before Singing or Speaking, and relieving the throat after any unusual exertion of the vocal organs. The *Troches* are recommended and prescribed by Physicians, and have had testimonials from eminent men throughout the country. Being an article of true merit, and having *proved* their efficacy by a test of many years, each year finds them in new localities in various parts of the world, and the *Troches* are universally pronounced better than other articles.

Obtain only *Brown's Bronchial Troches*, and do not take any of the *Worthless Imitations* that may be offered.

Sold every where.

Nov. 28, 1866.



MRS. WINSLOW,

An experienced Nurse and Female Physician, presents to the attention of Mothers, her

SOOTHING SYRUP,
FOR CHILDREN TEETHING,

Which greatly facilitates the process of Teething, by softening the Gums, reducing all inflammation—will allay **all pain** and spasmodic action, and is

SURE TO REGULATE THE BOWELS.

Depend upon it, mothers, it will give rest to yourselves, and

Relief and Health to your Infants.

We have put up and sold this article for over 30 years, and **can say, in confidence and truth** of it, what we have never been able to say of any other medicine—**never has it failed in a single instance, to effect a cure,** when timely used. Never did we know an instance of dissatisfaction by any one who used it. On the contrary, all are delighted with its operations, and speak in terms of highest commendation of its magical effects and medical virtues. We speak in this matter **"what we do know,"** after thirty years' experience, **and pledge our reputation for the fulfillment of what we here declare.** In almost every instance where the infant is suffering from pain and exhaustion, relief will be found in fifteen or twenty minutes after the Syrup is administered.

This valuable preparation is the prescription of one of the most **experienced and skilful nurses** in New England, and has been used with **never failing success** in

THOUSANDS OF CASES.

It not only relieves the child from pain but in vigorates the stomach and bowels, corrects acidity, and gives tone and energy to the whole system. It will almost instantly relieve

Griping in the Bowels and Wind Colic,

And overcome convulsions, which, if not speedily remedied, end in death. We believe it the **best and surest remedy in the world,** in all cases of **Dysentery and Diarrhœa in Children,** whether it arises from teething, or from any other cause. We would say to every mother who has a child suffering from any of the foregoing complaints—**do not let your prejudices nor the prejudices of others,** stand between your suffering child and the relief that will be **sure—yes, absolutely sure—** to follow the use of this medicine, if timely used. Full directions for using will accompany each bottle. None genuine unless the fac-simile of **CURTIS & PERKINS,** New York, is on the outside wrapper.

Sold by Druggists throughout the world.

Principal Office, No. 48 Day Street, N. Y.

Price, only 25 cents per Bottle.
