

Acknowledge God As Supreme In The Affairs of Mankind

Christian Science Stresses The Need of More Active Spiritual Effort.

A call to renewed activity in the daily application of Christian Science was issued at the annual meeting of The Mother Church, The First Church of Christ, Scientist, Boston, by the Christian Science Board of Directors, held on June 3. Reports of Church officers divulged marked growth of the movement throughout the world, and increased demand for the writings of Mary Baker Eddy, discoverer and founder of Christian Science.

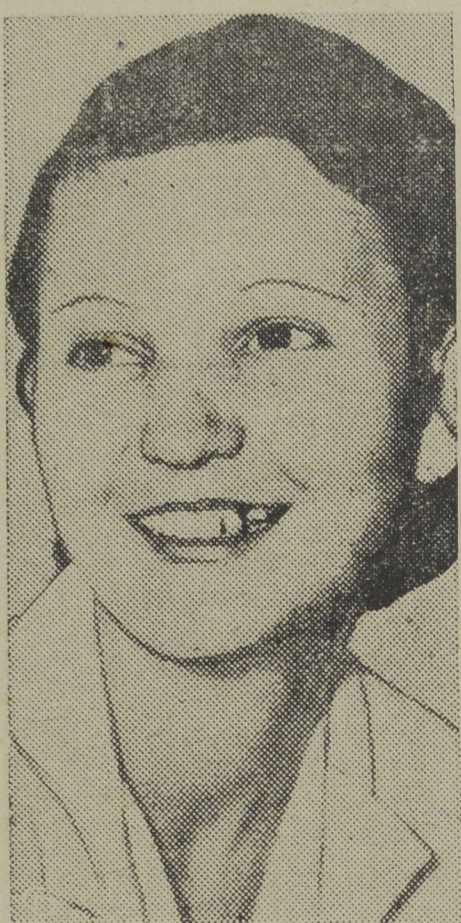

George Wendall Adams, chairman of the Board of Directors, stressed the need for interest not only in the problems of individuals, but also in the general welfare of the world. He said: "In these days of unrest, with rumors of vital disagreements among nations, we should turn often in prayerful expectancy that nation shall not rise against nation, but that Love, God, will be acknowledged as supreme in the affairs of men. In reality, men and nations do not envy and hate each other; because they have one heavenly Father they respect and love each other."

Referring to the new Christian Science Publishing House, which increased demand for Christian Science literature made necessary, Mr. Adams asserted that while wholesome activity in the movement continues, "the putting up of buildings, however beautiful and necessary they may be, does not in itself lay the foundation for spiritual enlightenment which is essential to meet the demands of humanity. To be enduring growth must be the result of earnest, active spiritual effort."

It was announced that A. Barry Bacon had succeeded Dr. John M. Brewer as president of the Mother Church. Ralph B. Scholfield and Miss Florence Siever Middaugh were elected as Readers for three years. Edward L. Ripley and Ezra W. Palmer, both of Brookline, Mass., were re-elected treasurer and clerk of the Church, respectively.

In his address Mr. Bacon as-

Weds Twice In Day

Police in Memphis, Tenn., sought a solution to the marriage puzzle provided by JESSIE CLYDE CAVERDER, (above), who, unable to make a choice between two sweethearts, married both on the same day. The Memphis girl, held for the juvenile court, was said to have married Earl Longmire at Marion, Ark., and a few hours later wed Dennis Manning. When the husbands met, the fireworks started.

serted that modern need for accepting the Bible axiom, "By their fruits ye shall know them."

"During the last four years of the so-called depression," he said, "when the whole world has struggled under unemployment, lack, want and woe, Christian Science has come to the rescue of many, and through the application of this science, they have been healed of erroneous conditions."

The fruitage of Christian Science in healing all manner of disease and disorder, was attested in selected testimonials. Among some of the healings reported were pernicious anemia, epilepsy, mental instability, rheumatoid arthritis, atrophied limbs, defective eyesight and distressing stoppage of speech.

There were 73 new branches of the Mother Church added during the year, 47 in North America, one in South America, 17 in Europe, two in Asia, two in Africa and four in Australasia.

Don't Keep the Good News to Yourself!

We hope that YOU are a regular listener to the Marketing, Menu and Recipe Service given each week-day morning, except Saturday, from 9.00 to 9.15, A.S.T.—10.00 to 10.15, D.S.T.—during the month of June over CHSJ, Saint John, N. B., by

The Cooking School of The Air

But please let your friends in on the secret. They, too, would like to know what is cheapest in local markets and how to prepare meals that keep husbands tranquil and happy while wives spend more time out in the June sunshine and less in hot kitchens. There is an absolutely Free Gift for every listener to THE COOKING SCHOOL OF THE AIR. Tune In and hear more about it!

THE COOKING SCHOOL OF THE AIR, directed by Aida McAnn, M.A., EACH WEEK-DAY MORNING, except Saturday, from 9.00 to 9.15, A.S.T.—10.00 to 10.15, D.S.T.—over Station CHSJ, Saint John, N. B.
