TO BE PUBLISHED, OBSTETRICAL OBSERVATIONS

BY
ROBERT BAYARD, M. D. D. C. L.
Formerly Assistant at the Lying-in Hospital of Edinburgh, and subsequently Lecturer on Midwifery and on the Diseases of Women and Children, in New York, &c.

N. B. "DOCTOR BAYARD has been induced to offer his Observations upon Obstetric Practice, from a conviction that many errors have long prevailed in it, and in the management of Diseases incident to Child-bed Women, which although sanctioned by the older Authors, and Practitioners in Midwifery, and perpetuated by prejudice, are nevertheless repugnant to reason, and admit of refutation by later experience, by the established operations of medicine, by the laws of animal economy, and by anatomical facts. But as the sale of a Medical Work would be very limited in this and the adjoining Provinces, Doctor BAYARD has forwarded a prospectus of the contemplated volume to New-York for Subscribers, and when sufficient encouragement is given to indemnify him for the expenses of publication, the Observations, which will engross a full-sized octavo will be sent to the press."

St. John, March 26, 1825.

College of New-Brunswick.

DESIGNS for a new COLLEGE BUILDING, to be erected in the vicinity of Fredericton, will be received at the Office of the Subscriber in Fredericton, until the first day of June next.—The building to be of the rough Stone of the Country, with Hewn Quoins for the Corners, Windows and Doors; Slat Roof, to project over the Wall—and not to be more than two stories in height besides the basement story, which is to rise four feet above the surface of the Ground; and the whole to be sufficiently large to afford accommodations for a President, a Vice-President, one or two Professors, Twenty Students, a Steward and Servants; also Rooms for a Chapel, Public Exercises, a Dining Hall, a Library, Philosophical Apparatus, and Lectures—Allowing to the President two handsome Sitting Rooms, and two Bed Rooms, with Kitchen and Servants Rooms, so as to accommodate a Family if necessary. To the Vice-President and Professors four Rooms, that is two Sitting Rooms and two Bed Rooms, planned for the accommodation of single men only, and therefore not necessarily as large as those for the President.—Rooms for the Students to be planned so as to allow one Sitting Room with two Dormitories for two Students, making in the whole, for the Students, ten Sitting Rooms, and twenty Dormitories or Sleeping Rooms, one large Room for the Chapel and Public Exercises, one do. for Philosophical Apparatus and Lectures, and for Dining Hall and Library two Rooms,—making in the whole forty-two Rooms besides the Basement Story, which must contain the accommodations for the Steward, Servants, Kitchens, Cellars, and other necessary Offices.—The whole to be upon a moderate scale as will admit of the accommodations above specified, consistent with the necessary convenience and comfort of the Inmates thereof—and upon a plan that will allow of future additions without injuring the uniformity of the Building. Those who wish to Contract for the Building, must send in (with their designs) an estimate of the amount for which they will undertake the work.
