

**Brown's Household Panacea.**

It cures pain in the Side, Back or Bowels, Sore Throat, Rheumatism, Toothache, and ALL ACHES.

**THE GREAT RELIEVER OF PAIN.**

**The Florence Nightingale of the Nursery.**

The following is an extract from a letter written to the *German Reformed Messenger*, at Chambersburg, Penn:

**A BENEFACTRESS.**  
Just open the door for her, and Mrs. Winslow will prove the American Florence Nightingale of the Nursery. Of this we are so sure, that we will teach our "Sons" and "Daughters" on Mrs. Winslow's plan for helping her to survive and escape the griping, colicking, and teething stage. MRS. WINSLOW'S SOOTHING SYRUP relieves the child from pain, and cures dysentery and diarrhoea. It softens the gums, reduces inflammation, cures wind colic, and causes the infant, safely through the teething period. **Public Schools.**  
The Public School holidays ended Tuesday. It will require another week to bring back many of the pupils.

**Carnival.**  
Manager Estey is perfecting arrangements for holding a grand carnival at the skating rink on the last week of the month.

**Benevolence.**  
The members of St. Dunstan's Society on Tuesday unanimously decided to give the proceeds of next Monday's entertainment to Miss Agnes Martin, sufferer by the late fire. This is the true spirit of benevolence, exercised in a worthy and legitimate direction.

**I. O. O. F. Concert to-night.**  
Our readers need not be reminded of the treat in store for them to-night in the Old Fellows' Hall. The programme, the management, and above all the ladies and gentlemen who are to take part, are guarantees of its success.

**Business.**  
A meeting of the York & Carleton Steamboat Co. directors was held on Wednesday evening in Messrs. Hill & Berry's office. A large amount of business relative to freight, fuel, etc., for next season's operations was discussed. The annual report of the past season will be brought up May 13th.

**N. B. Scenery.**

The Wesleyan Institute project which was spoken of some time since, is an assured fact. Several of the energetic young men in connection with the Church have the matter in hand. A meeting is to be held in the basement of the Church on Wednesday next at which Rules and Regulations, Officers and other arrangements will receive attention.

**City Council Meeting.**

**UPTOWN VS. DOWNTOWN; MANDAMUS ABSOLUTE—MARKETS—GENERAL BUSINESS, ETC., ETC.**  
The regular monthly meeting of the City Council was held on Tuesday evening, His Worship the Mayor presiding. Aldermen Bark and Smith absent. The minutes of last meeting were read and approved of, after which a somewhat lengthy budget of general business came up for disposal. The following amounts were paid:

Bonds and Streets.....\$36.92  
Fire Department.....33.70  
Contingent.....92.03  
Administration of Justice.....6.32  
Total.....\$109.66

E. Clarke, Esq., Alms House Commissioner, was favored with an order for \$200 for the use of the poor.

Petitions presented by William Lewis, Edward Luey, John Brown and A. C. Bully, asking for relief from taxation, were referred to the Assessment Appeal Committee.

Petition of N. S. Morgan was handed over to Wellington Ward Council.

Report from Clock Committee, that the balance, \$172.44, due George E. Feney, Esq., for money loaned to the city for the purchase of city clock, be paid in yearly instalments of \$50, at 6 p. c. interest, on the 1st of December in each year; and one year in City Clerk, stating that the Chief Justice had decided that the city had and should have sole control of Queens Ward Market, but that said Market was a free market,—were received and filed accordingly.

In relation to market affairs that had so attracted public attention, Alderman Burchill opened the campaign with the following resolution:

**Resolved**—That in future all such acts or agreements of Aldermen, or any regulations of civil business, not in conformity with the disregard of the public duties and rights of their representatives in Council, and under all circumstances to be discontinued; and further

**Resolved**—That it be declared a breach of duty on the part of any officer to follow or be governed by instructions received through any such irregular course or otherwise than by regular order of Council.

This resolution was seconded by Ald. Moore, and on division being taken, resulted in a tie as follows:  
Yeas—Ald. Burchill, Moore, Richey and Babbitt.  
Nays—I. W. Simmons, Vandine, Gunter and G. H. Simmons.

The Mayor, after assigning some potent reasons in favor of legal procedure in all cases involving the wishes of the citizens, gave the deciding vote in favor of the resolution.

An amount of general business came up for consideration. Cheques were issued in favor of Martin Nowlan, \$50, for taking charge of City Hall heating apparatus; Ald. Gunter \$50 for payment of revisors, and the salaries of policemen and city teamsters, ordered to be paid.

The Market Committee then begged to report. That pending a decision in the market case, as to the right of the City Council to collect fees in the lower market, the Secretary-Treasurer of the County issued posters, declaring the Lower Market a free market, and as the effect of this was to offer a reward for people to desert the Public Square Market, thereby reducing the value and standing of this city property, your committee, after consultation with other members of the Board, decided to direct the clerk to obtain for the Chief Justice, as the opinion of His Honor the Chief Justice, is that the Lower Market is and must remain a free market, your committee consider that matters had better be left in their present state until a new Council come into power who will then be a position to further deal with the matter. Your committee, however, beg to declare as their opinion that legal proceedings should be sought, and if not obtainable, that a special case should be submitted, or other course taken to obtain a full and clear knowledge of the city's rights in the Markets.

Respectfully submitted,  
G. H. SIMMONS,  
JOS. VANDINE.

Moved by Alderman G. H. Simmons that report be adopted in toto.  
Alderman Burchill moved an amendment that the report be received and amended by section by section. The Council divided themselves on this report as before. Mayor Gregory gave the casting vote in favor of amendment, and the report was taken up in sectional order.

The question raised with regard to adoption of section number one was decided in the negative, the casting vote of His Honor being again necessary.

Sections two and three, with regard to leaving the matter of the Markets to their successors and to taking legislative means to effect an understanding, were adopted without division.

The Mayor then reported that he had been served with a rule nisi to show return *quod mandamus in re Owens*, and informed the Council in substance thereof it would be necessary to direct the City Clerk to appear at next term of Court.

The motion of Alderman Simmons, supported by Alderman Vandine, to the effect that City Clerk be instructed to appear and show cause accordingly for former action of Council, was decided on question, in the negative. Yeas—Aldermen Gunter, Simmons and Babbitt; Nays—Aldermen Burchill, Moore, Richey and I. W. Simmons, 5.

Four resolutions were presented that the effect of this action against showing cause for former resolution, will necessitate a *mandamus absolute* being issued, and Mr. Owens furnished with license to sell intoxicating liquors as under the old law.

**SAINT JOHN NOTES.**

"GOD HELP THE POOR."

A few weeks ago, some of our local philanthropists, touched with pity at the condition of some poor families in this town, banded together for the purpose of suggesting to the Town Council a means whereby the distress among the poor could be relieved. They held meetings and framed and passed a resolution appropriating the sum of \$200 from the funds of each Ward. Now it is generally understood that the Wards are not in funds, and the proposed work remains in statu quo—or, in plain English, at a stand still. Next Spring, when other avenues of work are open, we expect that some of the wise acres will be bestirring themselves.

The friends of Mr. Thos. L. Martin and his sister, whose musical abilities are much thought of in this community, deeply sympathize with them in the loss they have sustained by the burning of their house in Fredericton. Some of our musical amateurs regret that they cannot have an opportunity of assisting at the proposed benefit to Miss Martin.

The Reading Room, in connection with the St. Aloysius Association, will, from this date, be open every evening, (Sunday excepted), for the Winter season.

The Portland Police held their annual drive "out the road," on Monday afternoon. A supper was held in connection with the affair.

Messrs. HOLLAND BROS., formerly of Oromocto, recently started in the commission business in a store on Main St.

The Catholic Schools opened to-day after the Christmas vacation.  
Wednesday, Jan. 7.

**KINGSLEAR NOTES.**  
In spite of the cold weather and the "N. P." we still claim a place among the living. The majority of our young men are seemingly attracted by some landstone that lies over at Vancouver or "Grand Lake," and are either going or gone thither; but the few that remain have organized for their amusement and instruction, a singing school. Mr. James Henry is teacher, and he feels confident that with care and training, Kingslear can lay claim to singers yet.

The young ladies of Lower Kingslear assembled at the Temperance Hall, at that place, on the first evening of the New Year, and had a glorious time tripping the light fantastic to music furnished by one of your youthful worthies from Fredericton, Mr. T. Foster. There were also some others from the city present.

SEVERAL of our farmers have decided to engage largely in wheat raising next Spring.

Rev. Mr. Edwards-Rector, is arranging for a course of lectures during the winter. I hope his efforts may be crowned with success.

**Selection of Officers.**  
At a meeting of the St. Dunstan's Society, held on Tuesday evening last, the following officers were elected for the ensuing year:  
Rev. J. C. McDevitt, Spiritual Director.  
Geo. B. Parks, President.  
Chas. LeBlanc, 1st Vice President.  
Wm. Davis, 2nd "  
John Corbett, Recording Secretary.  
John Corbett, Financial Secretary.  
P. H. McGrath, Treasurer.  
John E. Perks, Librarian.  
John Duggan, Sergeant-at-Arms.

**Roots and Shoes.**  
H. G. C. Ketchum, Esq., is now in New York making arrangements for getting a reliable professional boot and shoe manufacturer to take charge of the proposed boot and shoe factory in this city. If such can be obtained, the plans will be completed, and the project carried forward.

**MISCELLANEOUS.**  
London Truth pleads thus for Home Rule:—"We must accept facts. Among the Irish Home Rulers there is much exaggeration of language, but this exaggeration would not secure to them the support of the vast majority of their countrymen, were it not that it is felt that there is some considerable amount of justice beneath this exaggeration. It is manifestly absurd that matters on which the Irish are fully competent to judge should be taken out of their hands and decided by an Assembly, the majority of whose members know no more about Ireland than they do about the North Pole."

The condition of Italy just now is sad. The harvest was altogether deficient; the Indian corn, on which a large part of the population mainly depends for food, was almost a total failure; the potatoes are diseased, and very bad and dear; the chestnuts, which are the chief staple of food in the hilly districts, were a poor crop, and now comes winter, unusually early and unusually severe, preventing all out-door work. At Faenza there have been bread riots, and the militia has had to be called out. At Ravenna the bakers' guild have been sacked by bands of hungry peasants; at Serride like scenes have occurred, and in the provinces the people are clamoring for bread and employment. In Rome the number of beggars is greatly increased.

An interesting experiment was lately made in a lake near Berlin in the raising of sunken vessels by means of carbonic acid, according to a method devised by Herr Eidner, of Vienna. In an empty country boat, a vessel containing sulphuric acid, and surrounded with Bullich's salt, by turning a screw the vessel is broken, the substances mix, and the carbonic acid, being connected with the sunken object exerts an elevated force on it. In the Ploten Lake a small boat, weighing several hundred weight, was first sunk. A diver went down with the apparatus, fixed it, and set it in action. Hardly was this done when the boat appeared on the surface, held by the balloon. An experiment with five heavy sand bags was equally successful.

The cold weather in England has had a singular effect on the birds. A woodcock was recently found in Albemarle street, London, and a singular incident is related from Surrey. A humane lady in that county has, since the first snow, opened her bedroom window each morning and thrown out a sop of all kinds of good things to the feathered tribe. One severe morning recently she opened her window as usual, but there was considerable delay by her servants in bringing the food to her. The lady returned to her bed, leaving the window open, and fell asleep. Presently the whole household were aroused by her screams, and on going to her room no less than nineteen poor starved rooks were found in it. Eleven of them had entered the bed, and had commenced pecking violently at the bed clothes covering the alarmed lady.

**ST. JOHN NOTES.**

"GOD HELP THE POOR."

The Evening Telegraph publishes a five column letter from the Earl of Darnley, received by cable on the subject of Parnell's mission to the United States. He thinks the Parnell programme, if carried out, would provide a large amount of starvation. There is but one wholesome remedy in the case of Ireland, and that is emigration. Of all the quick cures for hard times the Parnell sell is the simplest and most deleterious in its consequences. It is preposterous to suppose that without injustice to the present owners, the present occupiers could purchase their holdings if money was advanced them even on the most advantageous terms. At least if they could it is obviously untrue that they cannot pay the rents.

The British troops at last seem to have set their mind on Herat. A disturbance in that refractory city a day or two ago, in which the natives seemed to desire a quarrel with the British, has furnished a pretext for the advance of troops. A march of 20 days would bring the troops to Herat. England's only chance is to invest Herat, Cabul, and occupy the passes.

There are rumors of a revolution in Durango, Mexico. Particulars have not been obtained.

**Telegraphic News.**

**CABLE BRIEFS.**  
A flying column of 1000 men has been formed for service in the Kyber Pass. The Mayor of Dublin solicits aid from America for the relief of distress in Ireland. The reported movement of Russian troops towards the Austrian frontier is denied. Further arrests of officers charged with Nihilism have been made in St. Petersburg and the Provinces. It is believed that St. Vallier, the French Ambassador to Germany, has been persuaded to remain at Berlin.

Before the evacuation of Cabul, Mahomed Jan wrote to General Roberts, that, although for the present retiring, the Afghans would not cease hostilities until the English are driven entirely out of Afghanistan.

The Czar has summoned Prince Donduk Korskoff to St. Petersburg to discuss the threatening condition of affairs in Bulgaria. It is considered that modification of the Bulgarian constitution is necessary.

A Jellalabad despatch says the Mohals are marching in their attempts to incite a Mahomed rising. Daoud Shah, commander-in-chief of the army of the ex-Ameer, has been sent a prisoner to India.
