A prominent Annapolis Valley fruit grower told the Sun yesterday of the immense amount of damage done by the storm in the Nova Scotia apple orchards. Many valuable trees were broken down, and the apples blown off will amount to about half the total crop. This will result, of course, in a large increase in price, so the loss to the individual fruit growers will not be great.

Up to the first of September one hundred and five million feet of logs had been rafted on the St. John this season. It is believed that there are thirty million feet more to come in. Rafting, however, is very slow on account of low water. In fact it is said that there is only about eight feet of water on the Oromocto shoals. The amount rafted so far is about the same as last year, but there were more logs to come this season.

The general public hospital is to have a new laundry plant. The commissioners recently engaged Geo. W. Boyd, the superintendent of the American laundry, to examine the present equipment with a view to its improvement. Mr. Boyd made certain recommendations to the commissioners, and they sent him to Boston to purchase the plant required. Mr. Boyd is home, and the machinery purchased by him from the Crawford concern of Boston and the Troy, N. Y., manufacturers is expected to be here before the end of the month. The machinery will be placed in position by Mr. Boyd, who says it will be able to handle all the work the hospital people will have for years to come.

WHAT IS DR. CHASE'S NERVE FOOD?

In appearance Dr. Chase's Nerve Food is an oval, chocolate coated pill. In this condensed form it contains all of nature's most strengthening and invigorating tonics and restoratives, and for this reason it is unapproached as a blood builder and nerve restorative. It cures all diseases caused by thin blood and exhausted nerves, and makes pale, weak, nervous men, women and children strong and healthy, 50 cents a box.

MONCTON.

MONCTON, N. B., Sept. 13.—Six men in different departments of the I. C. R. shops received notice today that their services would not be longer required. They are all first class mechanics, and some of them are prominent members of the federal trades union. Other dismissals are threatened. It is said these dismissals were made on demand of prominent liberals, the object being to coerce the railway vote, which has been showing signs of independence. The effect will, however, be directly opposite from that intended, and the action of the government causes much indignation among all classes of railway men, as well as citizens generally.

KINGS COUNTY HAPPENINGS.

HAMPTON, Kings Co., Sept. 12.—The circuit court opened at 10 a. m., when the slander case, Arthur A. Erb v. Wellington Urquhart, was taken up and occupied all day. The litigants and their witnesses all belong to Kars, where the alleged slanderous statements were made in June, 1899, virtually charging against the plaintiff arson and murder. The form of words was denied by defendant and his witnesses; but after a close enquiry, earnest addresses on the part of counsel, and clear summing up of the judge, the jury after half an hour's delay brought in a verdict for the plaintiff, damages \$50.

The court then adjourned until Friday, 14th, at 2.30 p. m., then to meet in the Court House, St. John, by re-taking up the non-jury case of Fowler v. Prescott, which is a claim for the cost of keeping and maintaining the trotting horse Bijou from July 1st, 1895, to Oct., 1898. A. A. Stockton for plaintiff, and White, Allison & King for defendant.

A very pretty wedding came off this afternoon at 4 o'clock at the residence of James Titus, Titusville, when Norman T. Smith of St. John led to the altar Alice L., daughter of James Titus. The ceremony was performed by the Rev. Dr. G. O. Gates of St. John in the presence of numerous relatives and friends. The house was handsomely decorated with beautiful flowers, and the bride looked charming in her white robes. After a bounteous dinner the bride and groom drove off for St. John amid the enthusiastic cheers and good wishes of the family and guests.

MILK DEALERS

Lay Their Grievances Before the Members of the Board of Health.

Only Two Members of the Board Present—Milk Dealers Will Select a Committee to Wait on the Local Government.

A committee of the St. John milk dealers waited upon the Board of Health yesterday afternoon to lay before it their grievances against the law concerning the tuberculin test. The committee consisted of E. H. Turnbull, James Moreland, Robert McLean, James Carr, C. W. Stewart, Campbell, S. Creighton and H. McKnight were also present. Owing to indisposition, Chairman Reynolds of the board was unable to be present. In this instance a few days ago, John Kelly, acting as chairman, recommended the committee to state their complaints and the board, ready, the only members present, would lay them before the board. Mr. Donovan stated that the milk dealers had intended petitioning the government concerning the law before this, but they had been informed that the board intended taking no further action in the matter. This information, Mr. Kelly told them, was utterly unfounded. Mr. Turnbull, the chairman of the milk dealers' committee, stated that the committee consisted of members from those dealers who imported milk by train as well as from those local men who kept their own herds and brought the milk into town in their own teams. He read to the board the resolutions passed by the committee, which were: (1) That the tuberculin test be discontinued; (2) That the law be amended so that the tuberculin test be made compulsory on all milk dealers; (3) That the law be amended so that the tuberculin test be made compulsory on all milk dealers; (4) That the law be amended so that the tuberculin test be made compulsory on all milk dealers; (5) That the law be amended so that the tuberculin test be made compulsory on all milk dealers;
