

ACADIANS MOURN.

Have No Bishop of Their Own Nationality.

Senator Poirier Says That the Bishops Played on the Good Faith of the Acadians.

Hon. Senator Pascal Poirier has issued an important manifesto to the French Acadians upon the occasion of his retirement from the presidency of the Assomption Society, which corresponds to the French-Canadian St. Jean Baptiste. The senator in referring to his acceptance of the presidency, first at Church St. 1893 and secondly at Arlohat in 1899, says: "The battle which we were waging for the recognition of our rights as Frenchmen and Catholics had become grave and complicated. Enormous scales had fallen from our eyes and it was no longer possible for us to believe in the good faith of our bishops towards us. I will tell you why. In 1893 the task of imparting to their lordships the bishops, the prayer of all the priests and people of Acadia asking for the appointment of a bishop of French origin fell to the executive of our society, consequently Hon. Judge Landry and myself were given this delicate mission. As respectful sons of the church we began by going directly to see each of the bishops Nov. 1893 and New Brunswick, with the exception of Mr. Rogers, and those who know this good man will understand the exception. "The interviews were private, but it is not breaking the seal of secrecy to say that we were well received and that the prayer from the people of Acadia was kindly listened to. There was of course no promise given us, there was then no vacancy. We wrote our report, and for myself I waited with the greatest filial confidence. Although I was asked by several not to be too credulous and to take our case direct to Rome, the executive did not mind patiently waiting and leaving to our bishops the initiative and merit of so just and generous an act. "It happened in 1896 Mr. Merry del Val came to Canada and we laid our case before him. His excellency seemed interested in our movement. He had learned of our visit to the bishops, and out of deference to their lordships he advised us to wait. However, Mr. Merry del Val, who had been sent to Canada on a special mission, was recalled to Rome and for many Acadians this caused the deepest sorrow. The members of the executive of the Assomption had no apprehension of what was to follow. As they had been requested, they waited with patience. As a matter of fact Bishops Sweeney and Rogers were enjoying good health at the time, and furthermore, we had been told, through the good offices of the Assomption, that they did not wish to hasten the death of any bishop in order to have his place filled by an Acadian. "But during the summer of 1899 we were told that their lordships had held a mysterious reunion at St. John, N. B., with a view to give coadjutors to Mgr. Rogers and Mgr. Sweeney, with the right of succession. But as we had been requested to wait, we were not present. The bishops would not, as far as I was concerned, believe in the rumor. The walls, however, had ears, and sometimes tongues also, and later on we were given to understand that the bishops had reconsidered the nomination of successors to Mgr. Rogers and Mgr. Sweeney, who were still alive, and that the two Episcopals, most worthy, were "fishery," but that in order to cover up appearances they had substituted the name of an Acadian priest, one out of six, as a disguise. "They had, in the end, played upon our good faith and we were beaten. We also heard at a subsequent period that their lordships the bishops had been notified by a letter from the cardinal prefect in Rome, that in order to have the arrival of Mgr. Falconio, we were to see him as soon as he landed, but it was too late. The conservatism of the two coadjutors took place in St. John Feb. 11, 1900, and as it will be remembered, not a single Acadian priest or layman was present, the result being that instead of having five bishops, strangers to our nationality, we then had seven. There was mourning throughout the whole Acadian land, shared in by the executive of our society."

WRECKED AT DIGBY NECK. Norwegian Bark Yapa Cast Away As Result of Currents and Fog.

DIGBY, July 29.—After being for almost a week at the mercy of the tides and currents of the Bay of Fundy, owing to the heavy fogs which have prevailed for some days, the Norwegian bark Yapa, Capt. Markussen, from Mosel Bay, South Africa, in ballast, to load lumber at Weymouth, went ashore last night at Whale Cove, about five miles this side of Petite Passage on the Bay of Fundy shore of Digby Neck. H. B. Short, Lloyds agent, left for the scene of the wreck this morning. A telephone reporter on the casting away was the result of currents and fog, and that the Yapa will probably be condemned as the result of a survey to be held this afternoon. The wrecked vessel is 537 tons register.

Last Saturday the Yapa sighted Granite Rock, at the mouth of the bay, and on Monday spoke a schooner ten miles above Digby Gut. Finding he was out of his course, Capt. Markussen put back, intending to enter St. Mary's bay, but encountered heavy fog.

At low tide the Yapa is high and dry forward. Her shoe is gone, and the tide rises and falls in the hold.

THOSE TEA MEDALS.

Case Between Baird & Peters And Fredericton Exhibition Association in Equity Court.

In the case of Baird & Peters v. the Agricultural Society of Fredericton district, No. 34, R. W. McLellan for the society asked for a post-nomine on the ground that having been retained only a day or two ago he had no time to prepare affidavits. The dispute in this case, it will be remembered, arose because the society decided to award similar medals to Baird & Peters, J. McGaffigan & Co. and the Blue Ribbon Tea Company of Toronto, who were all competing for one prize medal offered for tea at the society's exhibition. The society had awarded the medal to Baird & Peters, but as a dispute arose they decided to give medals to all the competitors to avoid trouble. Baird & Peters then obtained an injunction July 12th against the society forbidding them to give medals to the other competitors, on the ground that the medal was theirs by right and giving medals to all was a breach of the competition rules.

Yesterday Judge Barker decided to continue the injunction only on condition that J. McGaffigan & Co. and the Blue Ribbon Tea Company were made co-defendants so they could be heard in defence, copies of the bill and order to be served on them and notice of the hearing will take place at the next sitting of the equity court, August 16th. Barnhill, Ewing & Sanford for the plaintiffs; R. W. McLellan for the defendant society.

In the case of P. A. Landry, sole executor of the T. McCarthy estate of Kent county v. Simon, Andrew & Jean Richard, in which a bill for foreclosure of a mortgage amounting to \$381.31 was brought, motion was made to take the bill pro confesso.

Order was made that bill be taken pro confesso against Andrew for want of an appearance and plea, against Simon by consent of counsel, against the infant Jean Richard on ground of default. The usual order was made for a sale, payment of costs and payment of balance into court with leave to bid to all parties. Dr. Stockton, K. C., for plaintiff; Dr. Alward, K. C., for Simon Richard.

DODD'S KIDNEY PILLS PROVE THEIR VALUE AS A TONIC.

Doctors Failed to Help Amos Stewart of Goderich, But Dodd's Kidney Pills Built Him Up.

GODERICH, Ont., July 29.—(Special)—The value of Dodd's Kidney Pills as a tonic has been proved by Mr. Amos Stewart, flour miller, of this town. In speaking of his cure Mr. Stewart says: "I had been very poorly for about a year and though I was treated by two doctors I kept losing flesh all the time till I was down to 145 pounds. "Then I commenced using Dodd's Kidney Pills, and in ten days I gained six pounds and still gained a little every day, and I am feeling better in every way, and I feel that I owe it all to Dodd's Kidney Pills."

DODD'S KIDNEY PILLS are nature's own tonic. They cure the kidneys. Cured kidneys take all poison out of the blood. It is the poison in the blood that causes the loss of strength and energy and flesh that makes a tonic necessary.

DROWNED IN SISSIBOO.

Young Man Met Death While Bathing.

(Special to the Sun.) DIGBY, July 28.—Basil Soutler of Weymouth was drowned in Sissiboo River yesterday while bathing. He was unaccompanied, and the finding of his body was made by a fisherman at the time of the accident. The deceased was twenty-seven years old. The body has been recovered.

CHILDREN HAD SKIN DISEASE

ITCHING SO BAD THEY WOULD TEAR THEIR FLESH—AN EXTRAORDINARY CURE BY DR. CHASE'S OINTMENT.

Too many children are in agony from itching, burning skin disease. Too many mothers are worn out by anxiety and loss of sleep in watching over their little ones who are tortured by such ailments. Dr. Chase's Ointment is a prompt and positive cure for every form of itching skin disease, and has proven its marvelous power in thousands of cases, similar to the one described below. Mrs. Lois McKay, Tiverton, Digby County, N. S., writes: "My children were taken with an itching, burning skin disease and I was worn out by it. It was sore and their spirits would sometimes be wet with blood. The doctor did not seem to know what ailed them and could give no relief, so I began using Dr. Chase's Ointment. "Wherever it was applied it did its work well, and has entirely cured them of this horrible disease. They suffered so much that they could not sleep, and I think if it had lasted much longer I would have gone crazy from the anxiety and loss of sleep. I cannot find words to praise Dr. Chase's Ointment enough for the good it has done my children, and hope other sufferers will try it." Dr. Chase's Ointment, 50 cents a box, all dealers, or Benjamin Bates & Co., Company, Toronto. To protect you against imitations, the portrait and signature of Dr. A. W. Chase, the famous receipt book author, are on every box.

GAMMICK SENT UP FOR TRIAL.

A Preliminary Examination Held Yesterday.

Murderer's Wife Says Walter Gammick Was There—It Was Walter Who Beat Her.

WOODSTOCK, N. B., July 29.—The examination of Thomas and Walter Gammick for the murder of William Doherty, was begun this morning before Police Magistrate Dibble. Frank B. Carvell conducted the prosecution and J. Chipman Hartley acted for Walter Gammick. Alice Gammick, wife of Thomas Gammick, was first called. She said she was at her home in the parish of Kent at the time of the murder. On the night of Sunday July 17th, the night of the murder, she was aroused by someone entering her room. She got up and on entering the Doherty room saw William leaning against the bed. Two shots were fired and hit the deceased before he fell back. Thomas Gammick, she said, was the murderer, and she would have said he would have had a revolver. Later the witness saw a man lurking near a woodpile. This man seized a tub and gave chase to witness and her brother. The man was Walter Gammick. He said "I'll kill you." Witness seized the club and Gammick said "I'll shoot you." He then threw witness down and struck her with a club on the neck and placed her in a chair's breast. She then lost consciousness. When witness recovered consciousness, the Doherty house was in flames. Witness and her brother rescued two small children from the burning house. George Doherty, the brother of the murdered man, was next called. Witness was home on the night of the murder. He slept with Willie Doherty, the deceased, on the night of the murder. Witness was awakened by seeing a man with a light. This man was Thomas Gammick. Gammick fired two shots at witness and then fled. Gammick and Gammick shot him in the back. Later witness and Alice Gammick went to the work of rescuing the children. The house was burning and when witness had been proved by Mr. Amos Stewart, flour miller, of this town. In speaking of his cure Mr. Stewart says: "I had been very poorly for about a year and though I was treated by two doctors I kept losing flesh all the time till I was down to 145 pounds. ST. JOSEPH'S COLLEGE.

Some Changes Will Be Made in the Teaching Staff.

The Shediac Acadien announces several proposed changes in the staff of St. Joseph's College, Memramcook. Rev. Father Roy has been superior of the college since the death of Father Lefebvre, will give his sole attention to the duties of cure of Memramcook, with Rev. Fathers Labbe and McKinnon for assistants. Rev. Fr. Guy, assistant superior, becomes superior of the college. Rev. Fr. Tessier will be professor of philosophy. Rev. J. O. Lizotte, Brother Honorias and Rev. F. Hilaire will be replaced by Joseph Panet, C.S.C., Brother Irene, C.S.C., and Mr. Durocher, C.S.C. Mr. Donovan of Boston, Mr. Duguay of Philadelphia, and W. Donahoe of Harvey, N. B., replace Rev. J. Brady, Rev. J. Reilly and Mr. Devlin in the English department. The retirement of Father Roy from St. Joseph's College, will be a sad event for the students and friends of the house. Before he became the much-loved superior he was for a long time professor and preacher. It is to say with the exception of a few years all his religious life has been given to the service of the youth who attend the college. He was a man of high character and of high ability, the progress of which he has contributed so much. To Father Guy, who succeeds him in the chief post so full of responsibility, our public voice is extended in sympathy and support. He has been with the institution for several years, his machinery is familiar to him, and he is a lover and well wisher of the young.

WILL BE A RECORD BREAKER. Albert Cunningham of Pisarino is Building a Yacht to Beat Anything in the Provinces.

Albert Cunningham, boat builder of Pisarino, is building a sloop which he believes will be one of the fastest in these waters. Persons who have seen the sloop on the stocks say that following are her dimensions: Length over all, 48 feet 6 inches; extreme beam, 15 feet 3 inches; length of keel, 24 feet; load water line, 39 feet; draught, 5 feet 10 inches. The sloop is a combination of the characteristics of the modern racing yacht and stoop. Mr. Cunningham says that he will be prepared to race any yacht in the district, and as he believes the light draught and clean lines of his new boat will render her invincible.

SAVED BY ST. JOHN MEN. What came near being a drowning fatality occurred at Partridge Island, near Parrsboro, on Thursday. Two young lads attempted to walk around the island. They passed the point where the incoming rush of tide out of their retreat. J. E. Moran and Amos Gant of St. John saw their peril and went quickly to the rescue. One clung to the hand and swung round the point so as to catch the ladies and lift them to a place of safety. A few moments more and they would have been firmly caught.

DISTRICT MEETING. The financial meeting of the St. John district of the Methodist church will be held at Westhill on Tuesday, August 2nd, at 2 o'clock. This meeting is composed of all ministers on the district, and all probationers engaged in circuit work, with an equal number of laymen selected by the quarterly boards of the circuits to which these ministers and probationers are attached. A line drawn through St. John, St. Martins, Sussex, Apohaqui, Springdale, and the other circuits would embrace the territory of this district. If the members should all meet there would be an attendance of fifty persons. It is not often, however, that more than half the members are present.

United States Senator Beveridge uses neither railway passes nor telegraph franks, in which respect he differs from many men in public life. On one occasion he had been speaking at an old settlers' picnic, and in making his way through the crowd was relieved of all his money. He did not discover his loss until he attempted to pay for a hasty lunch at the railway station. He explained to the restaurant keeper, who said in suspicious tones: "Show your railroad passes if you are a senator."

"I don't use them," replied Mr. Beveridge. "Then you ain't no senator," said the landlady with conviction. "I wish a friend happened along and the senator was relieved from an embarrassing situation.—Cleveland Leader.
