that has been referred to, the present system of education in the province. This is a very delicate matter for me to discuss, and I feel the responsibility that rests on my frail shoulders as the attention of over a quarter of the entire population of this province is directed towards me. I say that a grave deficiency exists in our school system in so far as the teaching of French is concerned. But one thing is reassuring, as I feel that this government, which is so desirous of the advancement of all classes, will find a remedy for this defect. A fortnight ago a meeting was held at Moncton at which a series of resolutions were passed representing the views of those interested in the subject. These resolutions have been placed before the government, and I have no doubt that they will receive their best attention. In conclusion let us all work hand in hand, no matter what nationality or creed we may belong to, for the advancement and betterment of our province. And if we work in unity to the end we will be able to boast of having the privilege of living in the most prosperous province of Canada and the one in which it is easiest to make a living.

THE HARDEST PAIN TO ENDURE

Is the pain of a tender corn, but experience proves that corns are cured quickest by Putnam's Painless Corn Extractor, which acts in twenty-four hours. Putman's never burns or causes sores. The only painless cure is Putman's. Use no other.

# CITY NEWS.

## Recent Events in and Around St. John.

### Together With Country Items From Correspondents and Exchanges.

The Hartland Advertiser announces that it has suspended publication until its delinquent subscribers pay up.

A Moncton correspondent writes, R. J. Wilkins, of St. John, who has leased from Mrs. Wallace the American hotel here, will take possession at once and will make extensive improvements. He intends to make the American one of the best hotels in the maritime provinces.

TO CURE A COLD IN ONE DAY

Take Laxative Bromo Quinine Tablets. All druggists refund the money if it fails to cure. E. W. Grove's signature is on each box. 25c

Bicyclists and all athletes depend on BUNTLEY'S Liniment to keep their joints limber and muscles in trim.

Tulare Lake, in California, once navigable by steamers, is now perfectly dry. A man on foot can cross it safely at any point, and in some places the ground is hard enough for a team to drive over. The cause of this condition is the drainage of Kern and King rivers of their water by irrigation canals.

Miss Lizzie Kiestead, who has been visiting her parents, Mr. and Mrs. Joseph Kiestead, of Nashwaaksis, for the past six months, returned this evening to Philadelphia, where she has been engaged in nursing. Dame Rumor says that Miss Kiestead will be one of the parties in a very happy event in which one of Philadelphia's leading physicians is also very much interested.—Fredericton Gleaner.

Wednesday noon a very large deer entered the garden of Mrs. W. H. Jones, Torryburn. The snowdrifts were level with the roof of the green-houses and in its ramblings the deer crashed through the roof of the lily-house, breaking about fifty panes of glass. The animal finally succeeded in extricating itself from the unpleasant position and made off, but judging from the blood left it must have been cut very badly.

To cure Headache in ten minutes use KUMFORT Headache Powders.

Mrs. Aubine Miller of Whitneyville, Me., has a deed given in March, 1797, by Stephen Jones, Esq., Gideon O'Brien, gentlemen, and John Cooper, Esq., all of Machias, in the county of Washington, and commonwealth of Massachusetts, a committee appointed by the proprietors of the New Meeting House at the West Falls in said Machias." The document conveyed pen No. 43 to Deocan Joseph Libbee. It was signed by Phineas Bruce and Jane Bruce as witnesses, Phineas Bruce being justice of the peace at the time, and George Stillman register.

COMFORT FOR THE AGED.

Judging from the letters of people up in years there is no medicine which so promptly frees them of aches and pains and insures regularity of the liver, kidneys and bowels as Dr. Chase's Kidney-Liver Pills. Even when all other means have failed old people can turn to this great medicine with full assurance of relief and cure.

KING'S COLLEGE, WINDSOR, N. S.

A meeting of the board of governors of the university of King's College, Windsor, N. S., was held at the Church of England Institute, Halifax, on Wednesday, March 2, for the purpose of receiving the report of the reconstruction committee. Mr. Goodriche, who was elected president of the university last December, provided he was qualified under the statutes to assume that office, was found upon enquiry to be unqualified in one particular—a particular that did not affect his scholarship or his personal standing. The report of the committee was only partially adopted, and the committee was requested to continue in search for a suitable candidate for the presidency. A scheme of affiliation with the university of McGill was agreed upon. Those who were present from New Brunswick were the Very Rev. Dean Partridge, Rev. W. J. Wilkenson, B. D., Judge Hanington, A. C. Fairweather and J. Roy Compbell.

LOOK ON THE BRIGHT SIDE.

The sufferer from nervous exhaustion is generally blue and discouraged. He looks on the dark side of things and fears paralysis, locomotor ataxia or insanity. All this is changed by the persistent use of Dr. Chase's Nerve Food, which gradually and naturally rekindles and revitalizes the wasted nerve cells and instils new vigor and energy into the whole system.

# Free Gift

An eminent specialist, well known in all sections of North America, who has written some of the most valuable medical books of the present day, has decided to give away absolutely free of charge, a limited number of one of the best publications. This book, which represents the study of many years, is one of the best works ever gotten out by its author. No pains or expense were spared to make it attractive and he now presents it as a free gift to humanity, to all who desire it.

The book deals with Indigestion and enters fully into its causes and its cure. To any one who has any form of stomach trouble this book will prove invaluable beyond words. In fact, it was written expressly for all Dyspepsia sufferers, to guide them back to health. Every page is full of profitable information. From beginning to end it is bright, readable and—best of all—helpful. Years of medical and scientific research give its statements authority and weight. A heart keenly sensitive to the sufferings of mankind lends sympathy and friendliness to every line.

So complete is this book that it starts where digestion begins, with the salivary glands. The section on the stomach includes a separate very instructive treatise on the gastric glands. The functions of the liver and bowels are fully described, and the effect of dyspepsia on the heart and nerves is made plain in an interesting manner. Fine pictures adorn the pages, carefully drawn by skilful artists. Altogether it is an ideal medical work for family use.

## Send For It At Once

Do not pass by this generous offer. Dr. Sproule wants every victim of Dyspepsia to have the book because it will positively help all who suffer from this painful ailment. Thousands have been cured by the information contained between its covers. It was written to teach people what they ought to know about their digestive organs, if they desire to be well and happy. It is offered you in sincerity and friendliness, and it will give you that priceless gift—perfect health.

Write your name and address plainly on the dotted lines, cut out and send to Dr. Sproule, B. A., English Specialist (Graduate Dublin University, Ireland, formerly Surgeon British Royal Naval Service) 7 to 13 Doane St., Boston.

No weakening kinks or crimps—no small, soft tie-wires. Heavy weight fence throughout. Exclusive territory given to the right party. Write for proposition.

THE FROST WIRE FENCE CO., Limited, WELLAND, ONT. WINNIPEG, MAN.

## POLICE COURT.

### M. Mackinnon Sent up for Trial—Will Apply Today for a Habeas Corpus.

Yesterday morning argument was resumed in the matter of the preliminary examination of Malcolm MacKinnon, and Messrs. Lawlor and Mott were recalled and cross-questioned. The evidence taken during their examination went to show that by far the greater part of the business transactions between MacKinnon and the firm had taken place by means of correspondence at Charlottetown, but that some goods were shipped through St. John from the firm's headquarters in Toronto to MacKinnon. This fact gave the police here jurisdiction to act. MacKinnon's lawyer thought that this was not sufficient to give the St. John courts jurisdiction, and therefore asked that his client be sent back to Charlottetown, there to stand his trial, where he would not be among strangers, as is the case at present. This the magistrate would not consent to, and among other points asked who was to pay the expense of returning MacKinnon. Before sending MacKinnon up for trial, the magistrate said, in reviewing the evidence, he had found several points which had caused him to hesitate. From some of the evidence it would appear that the company was after collateral security in addition to the bills of exchange, and if this had been furnished the matter would not have come up. If he was trying MacKinnon he, ministerially, would find him guilty, but the higher court might hold a different opinion, as was generally the case of any one he found guilty. The evidence did not furnish a strong presumption of guilt, but there was some evidence of guilt, and he would have to send him up. It was very doubtful if the case would come up to the statute, and he did not think he had ever sent a man up for trial under such slight evidence. His counsel could apply to the supreme court judge for a writ of habeas corpus, but he would send him up for trial.

Mr. Mellish, MacKinnon's lawyer, spoke about bail, and said his client was unknown in the city, and asked the magistrate to accept the prisoner's recognizance, which the latter said he could not do without an order from the higher court.

MacKinno, when asked if he had any statement to make, said: "I gave these bills in exchange for goods I had received, and felt sure I would be able to pay them at maturity, but failed, and so far two of the drafts are due. The drafts were given in full settlement for all goods received, and I adjusted the account. If this action hadn't been brought against me I would have been able to pay them off in March.

MacKinnon, when asked if he had any habeas corpus yesterday afternoon, but as there was not a judge of the supreme court in the city he was unable to do so. An application will probably be made today.

HOPEWELL HILL.

HOPEWELL HILL, March 2.—Jas. Stuart of Riverside, formerly of Caledonia, was stricken with paralysis on Monday, and is now in a precarious condition.

Mrs. Sarah Stiles, an aged and respected resident of this place, is suffering from an attack of pneumonia. Dr. Carnwath is in attendance.

Dr. Murray of Albert was called to Cape Station today to see Mrs. Leander Wallace, who has been quite ill for some days.

The building committee appointed at the recent session of the Municipal Council to take charge of the business in connection with the building of the new Court House, met at the Cape recently, and decided to accept the plans prepared by W. E. Reid, architect, of Riverside.

**Chronic Constipation surely cured or money back. LAXA-CARA TABLETS never fail. Small, chocolate coated, easy to take. Price, 25 cents. At druggists.**

SUSSEX NEWS.

SUSSEX, March 2.—The Sussex Parish Sunday school convention was held on Monday, February 29th, and proved to be one of the most interesting and successful gatherings of the kind for some time. The following officers were chosen:—President, John E. Slipp; vice president, Chas. Erb.; secretary-treasurer, Chas. P. McCrae; additional members of executive, Isaac Gamblin and H. W. Folkins. Rev. Mr. Baird spoke of the financial needs of the work, showing that in addition to a debt that existed the county executive had pledged $30 in aid of the convention tour plan for next May. The response was most hearty, the sum of $20 being raised in a short time.

Mr. and Mrs. A. C. McCready left on the west bound C. P. R. this afternoon en route for Vancouver. They were accompanied by Miss Edna McLeod, who will go as far as Souris, Manitoba. At Montreal the party will be joined by Miss Bertha Burnett, who is going to visit her brother, Dr. Wm. Burnett, of Moosejaw.

Mrs. George Vaughan entertained the members of the Epworth League on Tuesday evening in honor of Miss Edna McLeod, who left this afternoon for Souris.

The Misses Louise and Minnie McLeod have returned home from St. John.

## SLEEP IS PRICELESS

### BUT IT CAN BE OBTAINED BY SIMPLE METHODS.

Are you a hard worker? Are you overcome with fatigue at the end of each day's labor, and instead of retiring to bed with a feeling of satisfaction at the prospect of a night's repose, do you wait the hour of bedtime with dread and shrinking

Is your unhappy lot to be awakened every night, just after you have dropped off to sleep, by an intense, uncontrollable itching of the rectum? Do you then endeavor to relieve the sensation by scratching so desperately that the skin becomes raw and lacerated, and you finally sink into the sleep of exhaustion?

If so, you do not need to be told that you are afflicted with itching piles. You have probably tried every remedy you could hear of, with but temporary relief, if any, and have concluded there was nothing left for you but to drag out a miserable existence. As a drowning man grasps at a straw, so should you eagerly devour the words of W. O. Milbury, 70 Pearl St., Reading, Mass.

"I am pleased to state that I bought one fifty cent box of Pyramid Pile Cure at the drug store, and used about one-half of it, and it not only cured me of itching piles, but also of constipation, a trouble of about fifteen years' standing. I have tried almost everything without lasting benefit, but I can honestly and truthfully state that Pyramid Pile Cure has entirely cured me, as I have had no return of that terrible itching, which used to keep me awake by the hour, night after night. If the old trouble should ever return I will know just what to do, but I guess it won't, for it is now six or seven months since I first used this wonderful remedy."

We vouch for the authenticity of this testimonial, and as Mr. Milbury found relief and a cure, so you may also. Do not delay, but buy a box and try it tonight, and do not allow any dealer to sell you "something just as good." You will do well to write Pyramid Drug Co., Marshall, Mich., for their little book on the causes and cure of piles, which is sent free for the asking.

On Monday there passed away at Lower Hillsboro one of the landmarks of Albert county in the person of the relict of the late William Millish. The deceased, who was about 80 years of age, was well known and a highly respected woman. She leaves a family of daughters, all married. For several years Mrs. Millish had been in poor health, yet the end was not expected. The funeral took place on Wednesday.

A Dallas woman has just died at the age of 86, who was the mother of 17 children, the grandmother of 68, and the great-grandmother of 165.

# BOSTON LETTER.

## Live News from the Capital of New England.

### Matters That Have a Peculiar Interest to the People of New Brunswick and the Maritime Provinces Generally.

### For Example: The Weather; the Reciprocity Question; the Death Roll; the Movements of Ladies of More or Less Repute; Recent Deaths; the Markets.

(From Our Own Correspondent.)

BOSTON, March 2.—The weather continues to be a leading topic for discussion on all sides. The snowfall here to date this winter has been 5 feet 6 inches for 32 storms. It is claimed that there has been a longer period of steady cold here this season than for 100 years. It should be stated, however, that there are no official records for the first half of the century.

A remarkable increase in crime in Boston especially offences against property, as well as forgery, is shown by the annual report of the board of police submitted to the legislature today. Not only did the arrests increase from 34,732 in 1902, to 43,033 in 1903, but the amount of property stolen during last year was $156,433, or $42,075 more than the average of the past five years. The arrests for drunkenness showed a like increase the number being 27,752 or 8,590 more than in 1902. The per cent. of offences against property without violence, was 17.66, of forgery and offences against the currency, 26, and against the license law, 14.65.

This city has on its hands another Canadian reciprocity agitation, or rather a revival of the movement engineered by Eugene N. Foss, a wealthy foundry proprietor who would like free coal from Nova Scotia. Foss ran for congress in 1902 in a republican district as a member of that party, but was defeated through his failure to obtain the full party strength. Now he wants to be sent as a delegate to the national republican convention and has engaged in a debate with other leaders of the party who are not favorable to Canadian reciprocity. At Lynn last night Foss told of Canadian resources and added: "Our own harbor of Boston is the national port of Canada as much as New England. Her great railways should be tributary to Boston." It is predicted that Foss's programme will be turned down by his party and that he will be much wiser before the next presidential election.

Another advocate of reciprocity is Colonel Thomas Lowry of Minnesota, president of the Minneapolis, St. Paul and Sault Ste. Marie railroad, who was in Boston a few days ago. Col. Lowry says the great wheat belt has moved steadily towards the Northwest and that the big flour mills of his state must have Canadian wheat to grind or gradually retire from business.

The New York board of trade has adopted resolutions calling upon the Washington government to enact a reciprocity treaty with Canada.

Eggs continue to fall in price. Quotations here this week range from 25 to 35 cents.

Guy Murchie, formerly of Calais, was elected president of the St. Croix Valley Association of Massachusetts at a recent meeting here. The other officers are as follows: Vice-presidents, Samuel C. Darling, Frederick G. Pettigrove, and William H. Goodnow; secretary, George W. Dickerman; treasurer, E. Vincent Sullivan; directors, C. G. Buckman, Howard D. Moore, William G. Rose, J. L. Lockary, Heber Clevley, Col. William Gillespie and George W. Woodcock; chaplain, H. D. Maxwell. The association has 217 members.

The general health of the population in Boston this winter has been better than usual. In New York, however, another story is told. The New York department of health recorded more deaths during the week ending Feb. 27 than have occurred in that city during a similar period in the winter months in a decade, the higher mortality being attributed to grip and its complications. During the past week 1,797 deaths were recorded, as against 1,682 in the previous week. The death rate was, therefore, 24.43 per thousand as against 22.86 during the preceding week. These figures have not been equalled or exceeded since the memorable epidemic of influenza which occurred during the winter of 1892-3. The epidemic of influenza is also general in nearby New Jersey towns. In New York city more than one-quarter of the deaths reported are said to have been caused by grip and pneumonia.

Mrs. M. H. Crosby, formerly of Pictou, N. S., celebrated her 20th birthday on Monday, although she is 80 years of age. Mrs. Crosby is the daughter of Dr. William Henderson of Edinburgh, Scotland, who was saved from a wreck on the Nova Scotia coast nearby 100 years ago.

Mary Simmons, otherwise known as May Simmons or Simpson, the barefoot girl of Cambridge, is again in custody charged with misbehaving. He mother, Mrs. George Jones, formerly keeper of a sailors' boarding house in St. John, is also a guest of the police. The Jones-Simmons family have been known in police circles since they left St. John several years ago. Tatsy May was sent to the reformatory and Mrs. Jones to the house of correction.

Rev. F. A. Starratt, a native of Nova Scotia, and graduate of Acadia College, has been invited to become pastor of the First Baptist church, Stoneham.

Announcement was made today that the summer freight service between Portland and Liverpool would be resumed this year. There have been persistent reports that the connection would not be continued. The schedule of sailings begins May 7 and ends Nov. 19, and the Dominion line steamers, Irishman, Welshman, Cornishman, Norseman and Ottoman will be engaged in the traffic.

The Cosmos Cotton Co. of Yarmouth, N. S., has brought suit against the Alabama Great Southern railway for $10,000 damages on account of failure to deliver the amount of cotton contracted for. The Yarmouth company paid $5,400 for 52,606 pounds of cotton or 100 full bales. When the bales arrived it was found they were half or split bales. The shortage was due to the rapid rise in cotton and the overselling of the market.

The United States department of commerce and labor has received statistics showing that in 1903 over half of the world's tonnage ship building was done in British territory. The number of vessels launched in all countries was 2,441, with a tonnage of 2,679,531.

At the annual meeting today of the Eastern Horse Breeders' Association at Waterville, Me., it was voted to hold the annual track meet in that city Aug. 9, 10, 11 and 12. The association embraces horsemen in Maine and the provinces. The following officers were elected: President, J. M. Johnson, Calais; vice-presidents, Thomas H. Phair, Presque Isle; E. H. Greeley, Ellsworth; secretary, J. E. Osborne, Calais; treasurer, Edward P. Mayo, Waterville. The executive committee consists of the officers together with F. C. Murchie of Calais and E. H. Nelson of Waterville.

The following deaths of former provincialists are announced: In Medford, Feb. 29, Harold Nodding Betts, young son of Henry P. B. Betts, latter formerly of St. John; in Lynn, Mrs. Nixon Moore, formerly Miss Helen J. Fleming of St. John; in East Haverhill, N. H., Feb. 24, Miss Anna B. Ruddick, aged 50 years, a native of St. John; at Concord, N. H., Feb. 25, W. A. Moffett, switchman on the Boston and Maine railroad, aged 21 years, a native of Nova Scotia (killed by train); in Chelsea, Levi F. Corcoran, aged 66 years, a native of Nova Scotia.

The contest over the will of Patrick McAleer, a native of St. John, is again before the courts here this week. McAleer, who was a poor carpenter in St. John, came here years ago and accumulated a fortune of nearly $1,000,000 by investing his savings in real estate. He died last year, but his five children are unable to agree as to a division of the property. Four daughters are the contestants, they claiming that their brother, John B. McAleer, had influenced his father unduly, leaving only the income of certain property to them. Mary and Helena McAleer were on the stand today. The latter testified that her father had threatened on one occasion when referring to his daughters "to put all those women in the insane asylum." It appears that several of the daughters had not been friendly with their brother for nearly 20 years.

The continuance of unfavorable weather still prevents any improvement in building operations. The lumber trade is therefore quiet, but prices are firm and unchanged from a week ago. It is stated by a prominent local lumber dealer that the cut of logs this year is fully as large as a year ago; but doubts are expressed as to the ability to bring them to the mills as there is only about 2½ to 3 feet of snow this year as compared with 3½ and 4 feet in recent years. In Canada, the cut is reported to be very large and the ample snowfall ensures the mills an ample supply of logs for next summer. More activity is expected with the coming of spring.

The salt mackerel trade is somewhat brisker this week and prices are a little firmer. Provincial mackerel are well sold up, the Prince Edward Island fish having been about all taken out by the market. Large No. 3 mackerel are worth $15 to 16 among the commission men; early caught No. 2, $16 to 17.50 and Prince Edward Island bloaters, $19 to 21. Codfish, pickled and cured, are scarcer than ever. It is difficult to fill orders and quotations, already the highest in years, have been further advanced. Commission houses ask $7.50 to 8 for large shore and Georges; $6.25 to 6.75 for medium, $6.62½ to 7.87½ for large dry bank, and $7.37½ to 7.62½ for medium. Pickled herring are steady at $6.50 to $7.25 for large N. S. split, and $6 to 6.50 for medium. Live lobsters are scarce. They are quoted nominally at 30 cents per lb. and boiled lobsters at 35c.

## HALIFAX DELUGED.

(Special to the Sun.)

HALIFAX, N. S., March 3.—A heavy rainstorm deluged the city tonight, accompanied by a strong southeast gale. There was considerable thunder and lightning. At 8 o'clock the soldier on duty at the citadel signal station reported the wind was blowing 28 miles an hour. Two hours later he said his wind gauge was recording 44 miles.

OLD FOLKS CAN'T STAND

Harsh, purging medicine, but invariably find Dr. Hamilton's Pill of Mandrake and Butternut the mildest cure for constipation and sick headache. No griping pains, sure cure, price 25c. Use only Dr. Hamilton's Pills.

MARQUETTE, Mich., March 3.—The railroad service in Marquette is demoralized on account of the storm which began yesterday and continued today. Snow drifts 20 and 30 feet high are raised along some railroads. The storm covers the entire upper Peninsula of Michigan.

# We Offer $1,000

## For a Disease Germ That Liquozone Can't Kill

On every bottle of Liquozone we publish an offer of $1,000 for a disease germ that it cannot kill. We do that to convince you that Liquozone does as we claim.

Please note what that means. Any drug that kills germs is a poison, and it cannot be taken internally. Medicine is, therefore, almost helpless in any germ disease. Liquozone alone can kill germs in the body without killing the tissues, too.

### Acts Like Oxygen

Liquozone is the result of a process which, for more than 20 years, has been the constant study of scientific and chemical research. Its virtues are derived solely from gas, made in large part from the best oxygen producers. By a process requiring immense apparatus and 14 days' time, these gases are made part of the liquid product.

The result is a product that does what oxygen does. Oxygen gas, as you know, is the very source of vitality, the most essential element of life. Liquozone is a vitalizing tonic with which no other known product can compare. But germs are vegetables; and Liquozone, which—like oxygen—is life to an animal, is deadly to vegetal matter.

### We Paid $100,000

For the American rights to Liquozone—the highest price ever paid for similar rights on any scientific discovery. We did this after testing the product for two years, through physicians and hospitals, in this country and others.

That price was paid because Liquozone does what all the skill in the world cannot do without it. It does in germ diseases that which is impossible with drugs. It carries into the blood a harmless yet powerful germicide, to destroy at once and forever the cause of any germ disease. And no man knows another way to do it.

Liquozone is new in America, and millions who need it don't know of it. For that reason we are spending $500,000 to give the first bottle free to each of a million sick ones.

### Germ Diseases

These are the known germ diseases. All that medicine can do for these troubles is to help Nature overcome the germs, and such results are indirect and uncertain. Liquozone kills the germs, wherever they are, and the results are inevitable. By destroying the cause of the trouble, it invariably ends the disease, and forever,

| | |
|---|---|
| Asthma | Hay Fever—Influenza |
| Abscess—Anemia | Kidney Diseases |
| Bronchitis | La Grippe |
| Blood Poison | Leucorrhea |
| Bright's Disease | Liver Troubles |
| Bowel Troubles | Malaria—Neuralgia |
| Coughs—Colds | Many Heart Troubles |
| Consumption | Piles—Pneumonia |
| Colic—Croup | Pleurisy—Quinsy |
| Constipation | Rheumatism |
| Catarrh—Cancer | Skin Diseases |
| Dysentery—Diarrhea | Scrofula—Syphilis |
| Dandruff—Dropsy | Stomach Troubles. |

| | |
|---|---|
| Dyspepsia | Throat Troubles |
| Eczema—Erysipelas | Tuberculosis |
| Fevers—Gall Stones | Tumors—Ulcers |
| Goitre—Gout | Varicocele |
| Gonorrhea—Gleet | Women's Diseases |

All diseases that begin with fever—all inflammation—all catarrh—all contagious diseases—all the results of impure or poisonous blood.

In nervous debility Liquozone acts as a vitalizer, accomplishing what no drugs can do.

### 50c Bottle Free

If you need Liquozone, and have never tried it, please send us this coupon. We will then mail you an order on your local druggist for a full-size bottle, and we will pay your druggist ourselves for it. This is our free gift, made to convince you; to show you what Liquozone is, and what it can do. In justice to yourself, please accept to-day, for it places you under no obligation whatever.

Liquozone costs 50c. and $1.

CUT OUT THIS COUPON

for this offer may not appear again. Fill out the blanks and mail it to the Liquid Ozone Co., 458-460 Wabash Ave., Chicago.

My disease is.....

I have never tried Liquozone, or Powley's Liquified Ozone, but if you will supply me a 50c. bottle free I will take it.

MONTREAL.

HILLSBORO, ALBERT CO.

HILLSBORO, March 2.—A missionary conference under the auspices of the Baptist Eastern Association was held in Hillsboro yesterday and today. The first meeting of the conference was held yesterday afternoon, when a general conference was conducted. In the evening Dr. Manning of St. John, secretary of the foreign mission board, addressed the meeting, at the close of which Rev. Mr. Parent of the Grand Ligne mission briefly addressed the meeting.

The meetings were continued today. Mr. Parent was the speaker at the morning session. The afternoon meeting was under the auspices of the W. M. Aid Society, Mrs. (Dr.) Brown presiding. Excellent papers were read by Mrs. Brown of Hopewell and Mrs. Hutchinson of Moncton. Encouraging reports were read from the various societies represented. This evening Revs. Parent and Hutchinson were the principal speakers. The meetings were well attended by the people of Hillsboro, but on account of the bad weather and the uncertainty of railway connections there was not as large a delegation present as would have been under more favorable conditions.

La grippe has been a prevailing epidemic for the past month.

W. M. Burns and Dr. B. A. Marven expect to leave here Saturday for Toronto to attend the annual session of the supreme circle, Order of Canadian Home Circles. W. A. Trueman is the representative from Albert.

The store recently under the management of the Albert Manufacturing Co. reopened yesterday under the new management, Archibald Steeves being the manager of the new company, which has no connection with the Albert Manufacturing Co.

The funeral of the late Miss Lucy Stevens took place today from the residence of her brother, Edward Stevens of Baltimore. Rev. J. B. Ganong of Hillsboro conducted the services both at the house and grave. Miss Stevens' death occurred in Boston, where she had been living for the last year.

J. M. Steeves will represent Golden Gate L. O. L., No. 100, at the session of grand lodge, which meets in St. Stephen on Tuesday, 8th inst.

ST. ANDREWS

ST. ANDREWS, N. B., March 2.—Leavitt Bros. & Co. of Pine Point, Me., who engaged in the clam canning business here last year, have returned to town to get their factory put in order for the coming season's work.

It is currently reported that G. D. Grimmer has agreed to sell out his stock in trade to his brother, J. Davidson Grimmer, who will have in partnership his brother-in-law, Richard Keay. The deal will be closed on Mr. Keay's arrival here in the near future. Mr. Keay is at present chief officer of the Battle line steamship Himera, bound from Algiers to New York.

Capt. William Glass is once more confined to bed by serious illness.

John Burton is making a good recovery from his recent attack of illness. Miss Lucy Sprague, one of the oldest residents of the town, is seriously ill. The numerous friends of the Rev. A. W. Mahon are pleased to hear that he is getting over an attack of grippe.

The funeral of the late Mrs. John Pye took place this afternoon. Service was held at the house and in the cemetery by Rev. R. J. Langford, rector of All Saints. A goodly number of friends and citizens formed the funeral cortege. The pall-bearers were David Haddock, Timothy McCarthy, Joseph Handy and John M. Stickney.

36 YEARS OLD — The St. John Business College

And not done growing yet. Last year was our banner year, the best of the 36.

1904, so far, is still better than 1903, and we are trying hard to merit continued growth.

Students can enter at any time.

S. KERR & SON,
275 Oddfellows' Hall

A FAMILY NECESSITY

Is a remedy capable of affording immediate relief to the hundred and one ailments that constantly arise. It may be a cold, perhaps toothache, neuralgia, pain in the back,—use Nerviline, it's more penetrating, pain subduing and powerful than any other liniment. Nerviline is at least five times stronger than ordinary remedies and its worth in any household can't be over-estimated. For man or beast, Nerviline is a panacea for all pain and costs only 25c. per bottle. Buy Nerviline today.

SHANGHAI, March 3.—A despatch from Chen Ning Chou, province of Kin Chou, China, announces that a rebellion has broken out against the Boxer indemnity tax. The sub-prefect's residence was looted yesterday.

Snow Banks everywhere, But Where Page Fences and Gates are used there the snow is level. Ask our agents why.
