

THE CHANGE OF LIFE

Intelligent Women Prepare
Dangers and Pain of This Critical Period
Avoided by the Use of Lydia E. Pinkham's Vegetable Compound.

How many women realize that the most critical period in a woman's existence is the change of life, and that the anxiety felt by women at this time draws near is not without reason.

If her system is in a deranged condition, or she is predisposed to apoplexy or congestion of any organ, it is at this time likely to become active, and a host of nervous irritations, make life a burden.

At this time, also, cancers and tumors are more liable to begin their destructive work. Such warning symptoms as a sense of suffocation, hot flashes, dizziness, headache, dreading of impending evil, sounds in the ears, timidity, palpitation of the heart, tremor before the eyes, irregularities, constipation, variable appetite, weakness and incontinence are promptly heeded by intelligent women who are approaching the period of life when woman's great change may be expected.

Lydia E. Pinkham's Vegetable Compound is the world's greatest remedy for women at this trying period, and may be relied upon to overcome all distressing symptoms and carry them safely through to a healthy and happy old age. Lydia E. Pinkham's Vegetable Compound invigorates and strengthens the female organism, and builds up the weakened nervous system as no other medicine can.

Madame Louis Belleau, of 17 Ramsay St., Quebec, Que., writes:

Dear Mrs. Pinkham—
Lydia E. Pinkham's Vegetable Compound assisted me to pass the change of life with but very little sickness and pain, and I am pleased to give it my warmest recommendation. I feel that it is the medicine which every woman should take. I am the mother of three children, and when I reached the age of fifty naturally my health was not too good, and I felt sure that I had not taken your Vegetable Compound. I should not have been so sure, for I find that I am in splendid health and strength and younger than I was ten years ago. Much praise to your medicine, and may all suffering women learn of its value.

For special advice regarding this important period women are invited to write to Mrs. Pinkham, Lynn, Mass. It is free and always helpful.

FRENCH WARSHIP FOR VENEZUELA.

PARIS, Oct. 18.—The French armored cruiser Desaix, understood to be bound for Venezuelan waters, did not put in to Brest after leaving Cherbourg, October 18th, as it was announced she would do, but passed the Island of Ushant, heading direct for the French Antilles. For the present the cruiser Leveillé and Chasse Loup Laubert will be held at Brest, as the situation does not require their presence in West Indian waters.

The officials here say that the published report that the French squadron intends either to bombard some coast point such as Cumana or Barcelona, or else, seize Venezuelan shipping, is an exaggeration, as the only decision arrived at is to have a demonstration, the nature of the demonstration being determined on later on if the attitude of Venezuela requires a resort to force. At the same time the officials are sincerely anxious to avoid the necessity of adopting force.

In any event the United States will be fully advised in advance concerning the nature of any coercive measures.

NEW THOROUGFARE FOR LONDON.

LONDON, Oct. 18.—The new thoroughfare formed by Kings Way and Aldrich, connecting the Strand and Holborn through the heart of congested London, was opened today by King Edward with considerable ceremonial. Queen Alexandra and other members of the Royal family were present. The route was lined by troops, the decorations were on a pretentious scale, and immense crowds gathered to participate in the event.

The new street is considered to be the most important improvement carried out in the metropolis since the construction of Regent street, in 1820. The work occupied six years and cost over \$30,000,000, of which it is estimated that two thirds will be recovered by the sale of building sites. The thoroughfare is three quarters of a mile in length and a hundred yards wide. The notorious slums of the neighborhood have been eradicated. Underground trolley cars run beneath the new street.

MYERS-BURGESS.

A pretty though quiet wedding took place in the cathedral yesterday morning at nine o'clock, when Rev. F. Meahan united in marriage Miss Mary Burgess, of Joggins, N. S., and William C. Myers, of this city, who wore a light grey travelling suit, was attended by her sister, Miss Ella Burgess, and Thos. Goodwin was best man. They will reside at 85 Duke street.

FREDERICTON, N. B., Oct. 17.—

At St. Mary's Parish church this evening, Dr. Duffy, the rector, was united in marriage to Miss Swan, formerly of England. The bride was attended by Mrs. T. B. Kidner, and Fred Staples supported the groom. Dean Partridge performed the ceremony.

Tuttle's Elixir

Well said infallible cure for colic, carb. spasm, cramps and all other ailments of the bowels. 100 page book, "Veterinary Experience," free. Send for your own horse doctor. LOCH LOMOND FAIR A SUCCESS.

Excellent Exhibits of Live Stock and Vegetables.

The 23rd annual fair of the Simonds and Loch Lomond Agricultural Society was held the 10th inst. The show was well patronized by the farmers of Simonds parish, and a large number of city people were also present. Sterling H. Barker's stables were filled to overflowing, and late comers were obliged to hitch their teams on the side of the roadway.

As to the show itself, all seem to be pretty well satisfied that it was an improvement on former years, particularly in regard to produce. Although the quantity was not as great as previously, the quality is far better than usual. Thomas Clarke's turnips, of the variety called Purple Top Swede are said to excel both in size and in sweetness anything ever seen in this section of the province. Two of these turnips, in particular, weighed each over 30 lbs.

The horses also are worthy of mention. "Special notice should be given to the collection exhibited by W. T. Boyle and Josselyn & Young, as they are certainly great stock." Such is the written opinion of the judges, Dr. T. Fred Johnston and R. T. Worden. The cattle, sheep and swine were as good as in previous years. The domestic work, comprising quilts, mats, socks, etc., was a credit to the county and speaks well for the thrift and industry of the housewives of the section.

Following are the names of the judges: Horses, R. T. Worden, Dr. T. Fred Johnston (Dr. T. O. Baxter found it impossible to attend); cattle, Thos. Dean, Wm. Mullin and R. D. McLean; produce, John H. Case, W. A. Porter and R. R. Patchell; domestic work, A. Megarity, James Collins and John H. Vaughan, sr.

The judges as a whole did very effective and satisfactory work. A very good feature of the judging was that the tags that went with each exhibit were marked with the number rather than with the name of the exhibitor. The numbers of the owners being unknown to the judges, these latter were in a position to decide with greater impartiality than if they had known to whom the exhibits belonged.

The Simonds and Loch Lomond Agricultural Society has been established nearly a quarter of a century. During that time it has done splendid work in teaching and helping the farmers and dairymen of Simonds. It receives an annual grant from the government for the purpose of holding fairs. This year, however, as it was announced, the society had to meet the expenses of the agricultural exhibition.

PRODUCE.

Black oats—Albert McFate, 1st (only exhibit); White oats—Wm. McFate, 1st; Albert McFate, 2nd; A. F. Johnson, 3rd. Yellow buckwheat—Wm. McFate, 1st; A. F. Johnson, 2nd; Albert McFate, 3rd.

Beets, long blood—Josselyn & Young, 1st; Beets, Egyptian blood—Wm. McFate, 1st; Thos. Clarke, 2nd; Josselyn & Young, 3rd. Beets, mangold, long red—Josselyn & Young, 1st; Peter Smith, 2nd; Thos. Clarke, 3rd.

Beets, mangold globe—Josselyn & Young, 1st; Thos. Clarke, 2nd; Josselyn & Young, 3rd. Carrots, long orange—Albert McFate, 1st; Josselyn & Young, 2nd.

Carrots, intermediate—Wm. McFate, 1st; Josselyn & Young, 2nd. Turnips, Swedish—Thos. Clarke, 1st; Peter Smith, 2nd; John McBride, 3rd. Turnips, any other kind—Thos. Clarke, 1st; Albert McFate, 2nd; Wm. McFate, 3rd.

Parsnips—Josselyn & Young, 1st; Thos. Clarke, 2nd. Potatoes, kidneys—A. F. Johnson, 1st; Albert McFate, 2nd; John McBride, 3rd. Potatoes, Delaware—Wm. McFate, 1st; Albert McFate, 2nd; Fred Stephens, 3rd.

The judges were R. R. Patchell, John H. Case and W. A. Porter.

HORSES.

Best stallion, agricultural purposes—Albert McFate, 1st. Pair horses, agricultural purposes—Wm. Mullin, 1st; Albert McFate, 2nd; Josselyn & Young, 3rd.

FERROVIM

A TONIC FOR ALL.
It makes new blood.
It invigorates.
It strengthens.
It builds.
BONE AND MUSCLE.

Used with the greatest advantage by all weak people. Promotes healthy blood, makes pale cheeks rosy, restores vitality.
Davis & Lawrence Co., Ltd., Montreal.

DEMONSTRATION.

Best bull, three years old—James Desmond, 1st. Best spring bull calf—R. G. Murray, 1st. Jersey Stock. Best cow, three years old or over—Fred Stephens, 1st.

Best heifer calf, under one year—Albert Stephens, 1st. Best heifer, one year old—Fred Stephens, 1st; W. T. Boyle, 2nd. Best bull, one year old—James Desmond, 1st. Best spring bull calf—Albert Stephens, 1st.

Grade Cattle. Best cow—Sterling H. Barker, 1st; James Desmond, 2nd; Peter Smith, 3rd. Best heifer, one year old—Fred Stephens, 1st; James Desmond, 2nd; Sterling H. Barker, 3rd.

Best heifer calf—James Desmond, 1st; James McFarlane, 2nd; Peter Smith, 3rd. Sheep. Leicester, ewe—W. McFate, 1st; Leicester, spring lamb—James McFarlane, 1st.

Shropshire, ewe—W. McFate, 1st; James Desmond, 2nd. Grade Sheep. Best ewe—James Desmond, 1st; W. McFate, 2nd; John McBride, 3rd.

Best spring lamb—John McBride, 1st; James McFarlane, 2nd. Swine. Best Berkshire boar—Josselyn & Young, 1st. Best Berkshire sow—Josselyn & Young, 1st.

Best spring pig—Josselyn & Young, 1st. The judges were Wm. Mullin, Thos. Dean and R. McLean.

Domestic.

Best patchwork bed quilt—Albert Stephens, 1st; Ed. Stephens, 2nd; Wm. McFate, 3rd. Three pair socks—Albert Stephens, 1st; Fred Stephens, 2nd; Ed. Stephens, 3rd.

Three pair mittens—Albert Stephens, 1st. Hooked rag mat—Alex. F. Johnston, 1st. Yarn mat—W. J. Wright, 1st. The judges were James Collins, Andrew Megarity and John Vaughan, sr.

DECISION IN FAVOR OF WIFE.

LEAVENWORTH, Kas., Oct. 17.—The divorce suit of Concepcion Vasquez, the Filipino woman, against First Lt. Sidney S. Burbank, 6th Infantry, which has attracted much attention in the army, has been decided in favor of Mrs. Burbank. Word reached Fort Leavenworth today that Judge Bates of the court of First Instance at Iloilo, P. I., had granted a divorce to Burbank's Filipino wife, had given her the custody of their daughter and had allowed her monthly alimony.

Mrs. Burbank brought the action after the lieutenant's return to the United States, and after his engagement had been announced to a prominent young Leavenworth woman. The war department provided counsel for the deserted wife.

Leut. Burbank is now being tried by court martial at Iloilo on charges growing out of the case that has just been decided.

The suit in the Philippines is a different one from that instituted some time ago in Leavenworth by Mrs. Burbank. The Leavenworth case was to have come up this week, but since the court in the Philippines has acted, the Kansas suit probably will be dropped.

BOILER EXPLODED.

CAMBRIDGE, Mass., Oct. 17.—A steam boiler in Waverley Hall, one of the Harvard University private dormitories, exploded tonight shortly after 7 o'clock, wrecking the vestibule and entrance hall of the building and injuring slightly two women and a boy, who had happened to be in the basement. The explosion caused considerable excitement among the students. According to the janitor, the accident was caused by the check valve failing to work.

FAIRVILLE, Sept. 19, 1905.

Dear Sisters—Another annual convention has come and gone, and with its going has left a change of names on its official list. I cannot express to you my many feelings of my heart as for the first time the knock at the door of the local unions asking for a welcome. I do not take up this work in my own strength, for I very keenly feel I am not equal to the office, but trusting in the promise of God, and looking to Him for guidance, I offer you my services for the coming year, feeling sure you will aid me and the work in every way you can. The success of this or any year depends almost entirely upon the officers, but each woman who belongs to our W. C. T. U. ranks must feel her responsibility, and now, sisters, I want to make a very strong appeal to the individual women to strive more to work this year as if the whole question of success or failure rests with you. Stand by and support your local union; help your president to make the

CURE SICK HEADACHE.

TEMPERANCE COLUMN.

THIS DEPARTMENT IS CONDUCTED BY THE W. C. T. U.

OFFICIAL CALL.
TORONTO, Oct. 1905.
Dear Comrades:
The Dominion Woman's Christian Temperance Union is hereby officially called to meet in its Fourteenth Convention at Hamilton, Ontario, November 10th to 14th inclusive.

Full executive meeting November 9th, 3 p. m.
The membership of convention is provided for in Article III. of the Constitution, which reads: "The biennial convention shall be composed of the executive committee, the provincial corresponding, recording and 'T' secretary and treasurer, one delegate for every one hundred paying members of auxiliary provincial unions, and one delegate for a fraction of a hundred. Particulars of place of meeting, etc., will be given at a later date.

All regular members of the convention will be billed. R. Butler, 133 Main street, Hamilton, Ont., is convener of the hospitality committee, and the names of those intending to be present should be forwarded to her at the earliest possible moment, and also to the corresponding secretary, Mrs. Bascow.

We would remind you of our prize banners. The one presented by our late loved president, Mrs. Ella F. M. Williams, to be given to the province showing a largest percentage of gain during the two years, even by the Northwest Territories in 1903) also the two presented by our first honorary life member, J. Hale Ramsey of Montreal, one for the largest percentage of gain among the Y's (won by Quebec province in 1903), and the other to be given the province showing the largest percentage of gain in juvenile work (now held by Manitoba).

The organization of the programme is under way and will be full of interest. You will receive it in good time. Hamilton is preparing to give us a hearty welcome, and we trust there will be a full delegation from every province.

Delegates having friends in Hamilton with whom they expect to stay will please notify Mrs. Nicholls.

TRANSPORTATION ARRANGEMENTS.

Mrs. R. W. McLachlan, 55 Ste. Monique street, Montreal, Que., is chairman of the transportation committee, and will be pleased to answer inquiries re railroad rates. A circular of information re railroad rates will soon be sent out.

We have much reason to thank God for His guidance during the year. Since last we met, and we trust the coming convention will be the best in our history. It rests with you to make it so.

Our enthusiasm and zeal in our work is more necessary than ever before. We hear on every side that drunkenness and crime are on the increase in Canada. Recorder Weil, of Montreal, calls upon the people to "wake up." We hear of men in high places telling the British public to wake up. We are told to wake up on the fiscal question and other matters. But here is a question above all others. We are told to wake up on the temperance question. We are told to wake up on the half-hearted manner. Could the waking-up begin in a more appropriate place than in our Dominion Woman's Christian Temperance Union Convention?

The organization of the two new provinces in our Northwest, the rapidly increasing population there, and their need of help in temperance work, all urge upon us increased activity on prohibition lines.

One of our educationalists recently said: "We have learned too much on the power of legislation, too little on moral forces. . . . Slowly but surely we have lost our moral hold on the individual." Come to the convention prepared to consider the great questions pressing upon us, and pray from now until we meet for an outpouring of the spirit of God in our hearts, our lives and our beloved cause.

ANNIE O. RUTHERFORD, Pres. ANNIE M. BASCOM, Cor. Sec.
Notice of Proposed Amendments to the Constitution.

Offered by Mrs. Rutherford, Toronto: I give notice that I, or someone in my stead, will move at the next Dominion convention to amend Article V. of the Constitution by substituting the word "annual" for "biennial".

Offered by Mrs. A. M. Bascom, Toronto: I give notice that I, or someone in my place, will at the next Dominion convention move that the word "biennial" in Article VI. be changed to "annual".

This, the first circular letter sent out by the newly elected provincial president, will be read with interest.

FAIRVILLE, Sept. 19, 1905.
Dear Sisters—Another annual convention has come and gone, and with its going has left a change of names on its official list. CHATHAM NEWS.

Had Load of Meat Stolen From Hotel Stables.

CHATHAM, Oct. 17.—The weather has been remarkably mild and summer-like. Last night there was quite a display of lightning, which is somewhat unusual at this time of year. The farmers have secured the greater part of the season's crop, which is a good one in general, both as regards quantity and quality.

Brutal Attack on Young Man—Festivities for Thanksgiving Day—To Interest Capitalists.

CHATHAM, Oct. 17.—The weather has been remarkably mild and summer-like. Last night there was quite a display of lightning, which is somewhat unusual at this time of year. The farmers have secured the greater part of the season's crop, which is a good one in general, both as regards quantity and quality.

A party of gentlemen from Amherst and Fredericton arrived this morning on the way to the shooting grounds at Tabusintac. Owing to the steamer Alexandra being again disabled they had to proceed to their destination by land. Dr. Bliss and the manager of the Bank of Montreal at Amherst are with the sportsmen.

Wm. Russell left for Montreal last night with the object of interviewing capitalists in his hydraulic jacks and roller bearing. A meeting of the company formed by Mr. Russell was held here last week, and means were provided to further exploit the invention of the above named gentleman. Those who have examined his machines are enthusiastic over the possibilities, and it is needless to say that the originator is as enthusiastic as any of his confederates.

Judge Gregory was holding court at Newcastle last week, the cases occupying his attention being Parker v. Bentley, Ellis v. Brackley and Henderson v. Fitzpatrick. In the former, which was to recover for surveying lumber, the jury confused the issue and returned a verdict in favor of the defendant, but the case was evidently not borne out by the testimony. As this case is to be argued before the full bench it may be that the discrepancy may become apparent. In the second case, which was an ejectment suit, it appears that the authorities of the town of Chatham sold a piece of land for arrears of taxes to which the taxed party had no title. In the third case, also an ejectment suit, the case appeared to be in the case of the plaintiff, but the judge advised a settlement between the parties, meanwhile adjourning the further hearing of the case until the third Tuesday in November.

A man from St. Louis had most of his load of meat stolen out of the Balmieu Hotel stables one night last week. Several arrests have been made in connection with the case, and it is to be hoped that the guilty parties will be convicted and punished.

A most brutal attack was made upon a young man named Boyce on Saturday night by which he was severely killed, and is in hospital still suffering from the effects of the beating he received. No arrests are as yet reported in this connection.

Thanksgiving Day appears to have been selected for an unusual amount of enjoyment in this vicinity. Cards have been issued for a ball to be held under the auspices of Newcastle Lodge, I. O. O. F., for that night, while St. John's church congregation is to hold a supper in Masonic Hall here, as well as a house warming to be given by the proprietor of a newly renovated hotel, all on Thanksgiving night.

Mr. Goggin returned yesterday from Ottawa, where he had been attending the School of Musketry. Wellesley Goggin is visiting friends in town. He was engaged here in business with his brother, late J. R. Goggin, about twenty-eight years ago. The Natural History Society has resumed its meetings for the fall and winter course, and a series of lectures are being arranged for.

Steamer Bangor, Capt. Brown, is aground at the bar and will likely have to lighten part of her cargo. Among the moose hunters who are now on the war path may be mentioned Messrs. Beveridge, Johnson, McKnight, Snowball and Hay. Several heads have been secured lately, one by Capt. Brown, one by Mr. McKnight, and some by parties unknown.

Councillor William of Hardwick was in town yesterday. H. R. McLennan of Esquimaux is on his way across the plains heading for civilization. Rev. J. M. McLean has returned from leave of absence, and it is gratifying to be able to report that his health appears to be fully recovered. He occupied the pulpit of St. John's church last Sabbath.

James Eirch, one of the oldest of our townsmen, is confined to his bed, and owing to his advanced age and many infirmities it is hardly likely that he will recover.

James P. Searle, a respected resident, was laid to rest last week after an illness of about three weeks. Another ejctment case, Hutchison v. Buckley, was tried yesterday and resulted in a verdict for the plaintiff.

BLOOMFIELD.

BLOOMFIELD STATION, Oct. 16.—H. D. Raymond, who has been to England during his vacation, and only spent a very short time at home here, has returned to Toronto to pursue his last year's course at Wycliffe College.

B. A. Watmore who for more than a year has been at work in St. John, has taken charge of Mr. McKean's farm in Albert Co.

F. L. Titus has been making very extensive improvements to his barn, moving two of them and fitting up cement-floored stables.

By putting two windows in the roof of the school building over the primary department, a commodious and well lighted room has been fitted up for manual training, which, however, will not be taken up till next term, the teacher, Miss Ricketson, being now at the Normal School qualifying for the work.

A plot of ground has been cleaned off and ploughed so as to be in readiness for a school garden next spring.

DR. J. COLLIS BROWNE'S CHLORODYNE.

THE ILLUSTRATED LONDON NEWS, of Sept. 23, 1895, says: "If I were asked which single medicine I should prefer to take about with me, as likely to be most generally useful, to the exclusion of all others, I should say CHLORODYNE. I never travel without it, and its general application to most cases of distress of single ailments forms its best recommendation."

DR. J. COLLIS BROWNE'S CHLORODYNE IS THE GREAT SPECIFIC FOR Diarrhoea, Dysentery, Cholera.
