Lumber Outlook

CHATHAM, Aug. 7.—The lumber trade for the Nova Scotia is expected to be a large one this year. At the present time the shipments from this port are a little below the average but a large quantity is now going forward, and last year's mark will soon be surpassed. At Campbellton a new mark has been set up, and the previous record has been 40 million feet, it is confidently expected that the total for this year will come up to 50 million. This lumber has chiefly been shipped to old country ports, and up to date twelve sailing vessels and five steamers have cleared from the port and the amount is above ten million feet of long lumber, besides shingles and laths for Nova Scotia ports.

The two largest shippers are the Killbuck Shovel and the Wm. Richards Co., and in addition there is Champeau & Co., R. Moffat, Wm. Currie, W. R. McLean and Oswald Smith. The first two firms will ship upwards of 25 million of lumber, and the others will aggregate thirty million.

The lumber shipments from this port during the present season have been about the average up to date; but it is expected that before the season closes the amount will be in excess of that shipped last year. F. E. Neale is shipping much more lumber than in previous years, and already his last year's total is in sight.

The shipments by the chief exporters are, up to date:

F. E. Neale—Deals, 13,051,149; boards, 346,434; scantling, 267,336; ends, 714,904; total, 13,695,423 superficial feet.

Shipments for 1905, 13,811,536; 476,449; 697,564; 745,689. Total, 17,820,000 superficial feet. Value \$206,320.

In addition F. E. Neale ships from Eskers, Folgentine and other ports. The estimate for 1906, 13,811,536; 476,449; 697,564; 745,689. Total, 17,820,000 superficial feet. Value \$206,320.

As deals and ends are given in standard hundreds in the customs entry the total for the Snowball Co. is over twenty million superficial feet.

Among others the McDonald Co. has shipped two cargoes, 13,811,536; 476,449; 697,564; 745,689. Total, 17,820,000 superficial feet. Value \$206,320.

Donald McDonald of Black River, suffered a severe loss on Thursday. His barn caught fire about noon and when the flames were discovered they were blazing out in all directions. Mr. McDonald made a determined effort to save his horse, which was in the barn. He was unsuccessful and received severe burns on the hands and arms.

Besides the barn there was lost hay, three cows, pigs and a buggy. Mr. McDonald has been unfortunate of late and this additional mishap has aroused the sympathy of the neighbors, who are now taking steps to extend some aid to him. There was no insurance on the barn and its contents, and Mr. McDonald's loss will reach nearly \$300.

An assault case involving three Barre River young people, and one from Nelson, was heard on Saturday before the magistrates. A sixteen-year-old boy named Fitzpatrick of Nelson and one other even younger, named Alward, were charged with attempting to assault a Graham girl, fourteen years of age. Warrants were issued for their arrest, but Alward skipped out. A witness named Gill was heard and his statements were almost sufficient to put him in the stocks.

Fitzpatrick. The evidence as given was considered sufficient to cause Fitzpatrick to be sent up for trial.

Policeman Morris was assaulted Saturday night and a Graham girl, fourteen years of age, was charged with attempting to assault a Graham girl, fourteen years of age. Warrants were issued for their arrest, but Alward skipped out. A witness named Gill was heard and his statements were almost sufficient to put him in the stocks.

severely injured Wednesday morning. He had been a short time with the Central Telephone crew, and while driving a load fell from it and broke his shoulder blade.

Robert McVitty, mail driver from West Branch to Elizabeth, was attacked by some miscreants recently who threw stones at him, and struck him several times on the body.

The man who stole the wheel belonging to John Creighton of Chatham Head is reported to be in the woods in the vicinity of Truro, with a gun and ammunition, and will resist any attempt made to arrest him. The wheel has been recovered.

Newcastle police circle are having a little stir at present over the battering given one Andrews Jennings. Jennings is set the str. Camperdown and was arrested and beaten with a baton by Officer Hill, because of his obnoxious whistling.

An Assyrian peddler arrived in town late on Wednesday evening and complained that he had been robbed by a companion of a box containing valuable goods, four watches and \$70 in cash. The man tried to make his troubles known to Mr. Hickey in the latter's drug store, but his knowledge of English was so poor that he was unable to explain the matter.

Luckily Dr. Baxter was in the store and by means of French the man was able to tell his story.

He was whisked to any means of obtaining food for lodging the peddler temporarily and put him in communication with the police. However, the box and its contents turned up all right about two miles on the way to the peddler was on board of the Alexandria as he started again on his rounds.

A couple of travellers had a good walk on Wednesday night. They were coming in on the late train from St. John, and did not understand that Chatham had been reached when the conductor came around for his fare, and they realized their situation. It was about 1.30 a. m. then, when they were nearer three before they reached the Adams House and finally crept between the sheets.

You can't cure catarrh by dosing the stomach. The disease in the throat, nose and bronchial tubes. Inhale Catarrhazone to the spot where the disease really is. Catarrhazone is a creosote, stops discharges at once, purifies and heals the passages, literally annihilates every trace of catarrh.

Nothing else is so direct and certain as "Catarrhazone." Results guaranteed. Two sizes, 35 cts and \$1.00.

THE CALF-PATH

One day through the primeval wood A calf walk home, as good calves should.

But made a trail all bent askew, A crooked trail, as all calves do. Since then two hundred years have passed—

And I infer the calf is dead. But still he left behind his trail, And thereby hangs a moral tale. The trail was taken up next day.

By a lone dog that passed that way. And then the wise bell-wether sheep, Pursued the trail of yale and steer, As drew the flock behind him, too, As good bell-wethers always do.

And from that day, or hill and glade, Through those old woods a path was made. And many men wound in and out, And turned and dodged and bent about.

And uttered words of righteous wrath Because 'twas such a crooked path. But still they followed—do not laugh— The first migrations of that calf.

And through this winding woodway staid the woe-begotten calf. Because he wobbled when he walked! This forest path became a lane, That bent and turned and turned again.

Where crooked lanes became a road. Where many a poor horse, with his load, Toiled on beneath the burning sun, And travelled some three miles in one day. And thus a century and a half They trod the footsteps of that calf.

The years passed on in swift feet, The road became a village street, And this, before the men were ware, A city's crowded thoroughfare, And soon the central street was this Of a renowned metropolis.

And men two centuries and a half Trod in the footsteps of that calf; Each day a hundred thousand trod. Followed the zigzag calf about, And o'er his crooked journey went The traffic of a continent.

A hundred thousand men were led By a calf near three centuries dead. They followed still his crooked way For such reverence is lent To well-established precedent.

A moral lesson this might teach Were I ordained and called to preach. For men are prone to go it blind, Along the calf-path of the mind, And work away from sun to sun And do what other men have done.

They follow in the beaten track, And out and in, and forth and back, And still their devious course pursue, To keep the path that others do, But how the wise wood gods must laugh.

Who saw the first primeval calf! And many things this tale might teach— But I am not ordained to preach. —Samuel Walter Foss.

LOOTED SAFETY DEPOSIT BOXES

Vice-President of Suspended Bank Arrested

Bank's Affairs Were Conducted With Most Incredible Irregularity—President and Cashier Gone

CHICAGO, Aug. 7.—Theodore Stensland, vice president of the Milwaukee Avenue State Bank, was arrested late this afternoon on a charge of violating the banking laws of the state. Earlier in the day the institution was placed in the hands of a receiver, and Paul O. Stensland, president of the bank, and father of the vice president, together with Cashier Hering, were officially declared fugitives from justice and their personal descriptions placed in the hands of the police throughout the country. This action was taken by the authorities after developments today had shown that the business of the failed institution were in a deplorable condition and had been for a number of years. Besides the discovery of many irregularities in the management of the bank, it was found that some of the safety deposit boxes owned and rented by the bank had been tampered with and rifled.

The specific charge on which Theodore Stensland was arrested was that of having accepted deposits at the bank when he knew the institution to be insolvent. The arrest was made in the office of Chief of Police Collins, where Stensland had come to confer with the head of the police department.

The warrant was sworn out by J. P. Straub, a liquor dealer, who declared that last Saturday he deposited \$300 in the bank and that Theodore Stensland as one of the officers of the institution had knowledge then that the bank was insolvent. Straub contends that the vice-president should have noticed the acting officers, which have been not to receive any deposits, but that this had not been done, and his money was taken in violation of the banking laws.

Later in the day Jacob K. Kern, a former state attorney, signed bonds for \$5,000 for the release of Theodore Stensland.

The promises held out yesterday that the elder Stensland would appear in Chicago today, were not fulfilled, and it is the belief of the police, based upon despatches from several northern cities, that he has fled to Canada. Cashier Hering sought on a similar warrant is thought to have reached the dominion by another route.

HOPEWELL HILL, Aug. 7.—Rev. F. Cline, who preached in the Baptist church last Sunday, occupied the pulpit again today, delivering an impressive sermon.

Rev. Mr. McLatchy, of Moncton, who enjoying a holiday here, preached at Hopewell Cape this morning. The Baptists have not yet secured a permanent pastor.

Upward having in progress, and the weather so far has been very favorable. Men are scarce and wages high.

Many summer visitors are enjoying the bay breezes and the beautiful scenery of Albert county. The hotels at the Cape are crowded with guests, and most of the villages all about have their quota of visiting friends.

Gilbert M. Edgett and wife and family and Miss Lillie Edgett of New York came by Saturday's train on a visit to relatives at Hillsboro and other parts of the county.
